### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The sourcing rules for local sales and use tax purposes that determine where sales are consummated were changed in 2004 in order to place taxable services in compliance with the Streamlined Sales and Use Tax Agreement, which requires destination sourcing for all transactions. The legislature did not implement the law due to the response from local jurisdictions that would lose revenues based on the changes to the destination sourcing rules, and local businesses engaged in intra-state transactions that would need to determine and apply local tax rates for approximately 1,400 local taxing jurisdictions in the state.

As proposed, S.B. 2015 restores origin sourcing as the general rule for sourcing taxable service transactions, except for certain nonresidential real property services. The bill also makes changes to Chapters 321 and 323, Tax Code, to include "taxable item," rather than "tangible personal property," in order to reflect the inclusion of taxable services in the Tax Code.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to any state officer, institution, or agency.
