AN ACT

relating to the automatic admission of undergraduate students to
general academic teaching institutions.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 51.803, Education Code, is amended by
amending Subsection (a) and adding Subsections (c) and (d) to read
as follows:

(a) Subject to Subsections (c) and (d), each ~~Each~~ general
academic teaching institution shall admit an applicant for
admission to the institution as an undergraduate student if the
applicant graduated with a grade point average in the top 10 percent
of the student's high school graduating class in one of the two
school years preceding the academic year for which the applicant is
applying for admission and the applicant graduated from a public or
private high school in this state accredited by a generally
recognized accrediting organization or from a high school operated
by the United States Department of Defense. To qualify for
admission under this section, an applicant must submit an
application before the expiration of any application filing
deadline established by the institution and, if the applicant
graduated from a high school operated by the United States
Department of Defense, must be a Texas resident under Section
54.052 or be entitled to pay tuition fees at the rate provided for
Texas residents under Section 54.058(d) for the term or semester to

1 which admitted.

2 (c) A general academic teaching institution is not required
3 to admit under Subsection (a) more than 50 percent of the
4 institution's first-time resident undergraduate students in an
5 academic year. If the number of applicants who qualify for
6 automatic admission to a general academic teaching institution
7 under Subsection (a) exceeds that percentage of the institution's
8 enrollment capacity designated for first-time resident
9 undergraduate students, the institution shall, except as provided
10 by Subsection (d):

11 (1) offer admission to those applicants beginning with
12 those who completed the curriculum requirements established under
13 Section 28.025 for the advanced high school program or an
14 equivalent curriculum at a high school to which that section does
15 not apply;

16 (2) after offering admission to applicants under
17 Subdivision (1), offer admission to the remaining applicants by
18 percentile rank according to graduating class standing based on
19 grade point average, beginning with the top percentile rank, until
20 a sufficient number of applicants have accepted admission offers to
21 fill that percentage of the institution's enrollment capacity
22 designated for first-time resident undergraduate students, except
23 that the institution must offer admission to all applicants with
24 the same percentile rank; and

25 (3) after offering admission to applicants under
26 Subdivisions (1) and (2), consider any remaining applicants
27 qualified for automatic admission under Subsection (a) in the same

1 manner as other applicants for admission as first-time freshmen
2 students in accordance with Section 51.805.

3 (d) If the number of applicants qualified for admission
4 under Subsection (c)(1) exceeds the percentage of the institution's
5 enrollment capacity designated for first-time resident
6 undergraduate students specified by Subsection (c), the
7 institution shall offer admission to those applicants by percentile
8 rank according to graduating class standing based on grade point
9 average, beginning with the top percentile rank, until a sufficient
10 number of applicants have accepted admission offers to fill that
11 percentage, except that the institution must offer admission to all
12 applicants with the same percentile rank. The institution shall
13 consider any remaining applicants qualified for automatic
14 admission under Subsection (a), including remaining applicants
15 qualified for admission under Subsection (c)(1), in the same manner
16 as other applicants for admission as first-time freshmen students
17 in accordance with Section 51.805.

18 SECTION 2. Section 51.807, Education Code, is amended to
19 read as follows:

20 Sec. 51.807. RULEMAKING. (a) The Texas Higher Education
21 Coordinating Board may adopt rules relating to the operation of
22 admissions programs under this subchapter, including rules
23 relating to the identification of eligible students [~~and the~~
24 ~~reporting requirements of Section 51.806~~].

25 (b) The Texas Higher Education Coordinating Board after
26 consulting with the Texas Education Agency by rule shall establish
27 standards for determining for purposes of this subchapter whether a

1 person completed a high school curriculum that is equivalent to the
2 curriculum established under Section 28.025 for the advanced high
3 school program.

4 SECTION 3. The change in law made by this Act applies
5 beginning with admissions to institutions of higher education for
6 the 2008-2009 academic year. Admissions to an institution of
7 higher education before that academic year are covered by the law in
8 effect before the effective date of this Act, and the former law is
9 continued in effect for that purpose.

10 SECTION 4. The Texas Higher Education Coordinating Board
11 shall adopt rules as required by Section 51.807(b), Education Code,
12 as added by this Act, as soon as practicable after the effective
13 date of this Act.

14 SECTION 5. This Act takes effect September 1, 2007.
