10 (1) an appointed guardian of the person and estate of  
11 the person; or

12 (2) an attorney in fact authorized to act on behalf of  
13 the person by a written power of attorney that provides that the  
14 power is not revoked by disability of the person, except that an  
15 attorney in fact who is not the person's spouse may not select a  
16 benefit in which the attorney in fact or a direct ancestor or lineal  
17 descendant of the attorney in fact is a named beneficiary, unless  
18 the attorney in fact designates as the person's beneficiary:

19 (A) the same individuals, with the same share of

2 mentally capable of managing the person's own affairs, and if the  
3 director reasonably believes [~~it is further established to the~~  
4 ~~satisfaction of the director~~] that the estate of the person is  
5 insufficient to justify the expense of establishing a guardianship,  
6 or continuing a guardianship after letters of guardianship have  
7 expired, then until current letters of guardianship are filed with  
8 the retirement system, the director may make payment of any annuity  
9 or other benefit:

23 interest of or for the benefit of the person and the person may  
24 suffer personal or financial harm as a result, the retirement  
25 system, on giving notice to the individual or entity receiving

16 ~~good health on the effective date of participation and exclude~~  
17 ~~those subdivision employees who are not in good health at that time.~~

18           [~~(d)~~] A subdivision that elects to participate in the

14 trustees, the pension liabilities accrued by the transferring  
15 employees for service with the transferring subdivision, together  
16 with an appropriate portion of trust assets in the account of the

16 actuarially equivalent to all accrued benefits and supplemental  
17 annuities. The retirement system shall pay any amount remaining in  
18 the subdivision's account after satisfaction of all the  
19 subdivision's pension liabilities to the subdivision or its  
20 governmental successor in interest in accordance with Section

21 authorized under Section 67, Article XVI, Texas Constitution, [~~+~~

25 credit in this [~~the~~] system. Service credited by another  
26 retirement system may not be used to determine eligibility for a

2 SECTION 12. Sections 842.109(a) and (b), Government Code,  
3 are amended to read as follows:

19 (e) If the act of a third person causes the retirement  
20 system to make a payment of a survivor benefit or death benefit to  
21 someone other than the person entitled to the payment, the system  
22 shall, after receiving credible evidence of an erroneous payment,  
23 determine the beneficiary ~~[person]~~ entitled to the benefit and, if

25 ensure that the present value of the remainder of the benefit will  
26 be paid to the person entitled to it.

27 (f) The retirement system is not liable to any person for

1 any payments described by Subsection (e) made before the date the  
2 system receives credible evidence of an erroneous payment. Any  
3 payments made before that date are a complete discharge of the  
4 system's responsibility for those payments and benefits.

23 false, fraudulent, or otherwise invalid.

24 (b) A person seeking a correction based on an error caused

21 in the computation of service credits.

22 (c) With respect to the account with the subdivision for

24 rate, times the member's average prior service compensation.  
25 Interest is allowed at the end of each 12-month period on an

14 ~~granted by the subdivision to all members who performed prior~~  
15 ~~service for the subdivision].~~

16 (d) The governing body of a subdivision may adopt a  
17 percentage to be used to determine allocated prior service credits.  
18 The rate may be limited to zero or any multiple of five percent  
19 [~~Interest is earned on an allocated prior service credit from the~~  
20 ~~effective date of membership to the effective date of retirement at~~  
21 ~~the applicable rate for the period as provided by Section 845.314].~~

22 SECTION 20. Sections 843.201(a), (b), and (c), Government

20 (2) on the date of acquisition of the facility or the  
21 date the governmental function was taken over, for service under  
22 Subsection (a)(2).

23 (c) The allocated prior service credit percentage allowable  
24 under this section may be limited by the order of the governing body  
25 to zero or to any percentage that is a multiple of five percent [~~and~~  
26 ~~that does not exceed the percentage applicable to the computation~~

16 date and used in determining the member's basic annuity. At the  
17 determination date, a member's current service credit is an amount  
18 equal to the sum of the employee contributions in the member's  
19 individual account and the interest accumulated on those  
20 contributions as provided by this subtitle.

21 (b) Multiple matching credit is a monetary amount credited  
22 by the governing body of a subdivision to be computed at a member's  
23 effective retirement date and, together with any prior service  
24 credit, used in determining a member's supplemental annuity.  
25 Multiple matching credit is an amount equal to a percentage of the  
26 sum of employee contributions in a member's individual account that  
27 were made for a particular calendar year and the interest

1 accumulated on those contributions as provided under this subtitle.  
2 At the determination date, the multiple matching credit of a member  
3 is equal to the sum of the multiple matching credit for all years of  
4 the person's membership.

5 (c) The percentage to be used in the computation of the  
6 multiple matching credit for a particular year is adopted by the  
7 governing body of a subdivision and applied in accordance with this  
8 subtitle.

9 SECTION 23. The heading to Subchapter F, Chapter 843,  
10 Government Code, is amended to read as follows:

11 SUBCHAPTER F. OPTIONAL CREDITED [~~CURRENT~~] SERVICE [~~FOR LEGISLATIVE~~  
12 ~~SERVICE~~]

13 SECTION 24. Section 843.501, Government Code, is amended to  
14 read as follows:

15 Sec. 843.501. CREDITED SERVICE FOR LEGISLATIVE SERVICE.

16 [~~(a)~~] A member may establish credited service in the retirement  
17 system for service performed as a member of the legislature. A  
18 member claiming credited service for previous legislative service  
19 shall file with the retirement system a detailed statement of the  
20 service [~~with the subdivision by which the member is currently~~  
21 ~~employed. As soon as practicable after the filing of a statement,~~  
22 ~~the employing subdivision shall verify the service claimed and~~  
23 ~~certify to the board of trustees the amount of service approved].~~

24 [~~(b) Credited service may not be established under this~~  
25 ~~section for service that is credited by another retirement system~~  
26 ~~or program established or governed by state law.]~~

27 SECTION 25. Section 843.601, Government Code, is

1 transferred to Subchapter F, Chapter 843, Government Code,  
2 renumbered as Section 843.502, and amended to read as follows:

3       Sec. 843.502 [~~843.601~~].    CREDITED [~~CURRENT~~] SERVICE FOR  
4 QUALIFIED MILITARY SERVICE. (a) In this section, "qualified  
5 military service" means service in the uniformed services, as that  
6 term is defined in the Uniformed Services Employment and  
7 Reemployment Rights Act of 1994 (38 U.S.C. Section 4301 et seq.),  
8 that meets the requirements of that Act as it now exists or is  
9 amended as to the character of service performed.

10       (b) All members of the retirement system are entitled to be  
11 credited with service [~~receive credit~~] for qualified military  
12 service that is subject to the Uniformed Services Employment and  
13 Reemployment Rights Act of 1994 (38 U.S.C. Section 4301 et seq.).  
14 Notwithstanding any provision of this subtitle to the contrary,  
15 contributions, benefits, and service credit for qualified military  
16 service will be provided in accordance with Section 414(u) of the  
17 Internal Revenue Code of 1986. The board of trustees may adopt  
18 rules that modify the terms of this subtitle for the purpose of  
19 compliance with the provisions of that Act.

20       (c) The governing body of a participating subdivision also  
21 may, on the terms provided by Section 844.704, authorize the  
22 establishment of credited service in the retirement system for  
23 qualified active duty military service as provided by this  
24 subsection. Qualified military service includes military service  
25 before becoming an employee of the subdivision. A member eligible  
26 to establish credited service under this subsection is one who has  
27 credited service in the retirement system for at least the minimum

1 period required to receive a service retirement annuity at the age  
2 of 60 from the subdivision from which credit under this subsection  
3 is sought. An eligible member may establish credited service under  
4 this subsection by filing an application with the retirement  
5 system.

6 (d) A subdivision whose governing body authorized "current  
7 service for military duty" before December 31, 1999, has authorized  
8 credited service [~~credit~~] for qualified military [~~current~~] service  
9 under Subsection (c).

10 (e) Except for credited service established with the  
11 retirement system before December 31, 1999, the maximum amount of  
12 credited service that a person may receive under this section is  
13 five years. If a person would receive more than five years of  
14 credited service as a result of having received credit under  
15 Subsection (c) before receiving credit under Subsection (b), the  
16 retirement system shall cancel credited service under Subsection  
17 (c) to the extent necessary to reduce the total to five years of  
18 credit.

19 [~~(f) Credited service may not be established under this~~  
20 ~~section for any month of service that is credited under another~~  
21 ~~section of this subtitle or by another retirement system or program~~  
22 ~~established or governed by state law.]~~

23 SECTION 26. Subchapter F, Chapter 843, Government Code, is  
24 amended by adding Sections 843.503 and 843.504 to read as follows:

25 Sec. 843.503. CREDITED SERVICE FOR SERVICE WITH SUBDIVISION  
26 PREDECESSOR. The governing body of a participating subdivision  
27 may, with the consent of and on terms approved by the board of

1 trustees, authorize the establishment of credited service in the  
2 retirement system for service performed as an employee of the  
3 immediate predecessor entity of the subdivision.

4 Sec. 843.504. NO DOUBLE CREDITING OF SERVICE. Except as  
5 provided by Chapter 803, credited service may not be established  
6 under this subchapter for any month of service that is credited  
7 under another section of this subtitle or by another retirement  
8 system or program established or governed by state law.

9 SECTION 27. Section 844.001, Government Code, is amended to  
10 read as follows:

11 Sec. 844.001. TYPES OF BENEFITS. (a) Pension [~~The types~~  
12 ~~of~~] benefits payable from the retirement plan and trust [~~by the~~  
13 ~~retirement system~~] are:

14 (1) [~~service~~] retirement annuities payable on service  
15 retirements;

16 (2) [~~disability~~] retirement annuities payable on  
17 disability retirements;

18 (3) survivor annuities payable on the deaths of  
19 members [~~annuity death benefits~~]; and

20 (4) [~~supplemental death benefits, and~~  
21 [~~5~~]] refunds of accumulated contributions.

22 (b) Nonpension group term life coverage may be provided by  
23 an electing subdivision for its employees and retirees under the  
24 optional group term life program. The board of trustees shall  
25 administer the program, and insurance proceeds are payable from the  
26 optional group term life fund.

27 SECTION 28. Sections 844.002(b), (c), (d), and (e),

1 Government Code, are amended to read as follows:

2 (b) A basic annuity is an amount payable from the current  
3 service annuity reserve fund and is actuarially determined from the  
4 sum of a member's:

5 (1) accumulated contributions; and

6 (2) current service credit [~~accumulated at interest~~  
7 ~~as provided by Section 843.403(d)~~].

8 (c) A supplemental annuity is an amount payable from the  
9 subdivision accumulation fund, subject to limitation under Section  
10 844.008 [~~reduction under Section 842.054, 842.055, 842.056,~~  
11 ~~842.057, or 845.307(c)~~], and is actuarially determined from the sum  
12 of:

13 (1) a member's allocated prior service credit [~~accumulated at interest as provided by Section 843.105(d)~~]; and

14 (2) a member's multiple matching credit [~~accumulated~~  
15 ~~at interest as provided by Section 843.403(d)~~].

16 (d) Any increase in the annuity granted by a participating  
17 subdivision [~~after December 31, 1978,~~] is payable from the  
18 subdivision accumulation fund as part of the supplemental annuity.

19 (e) A separate retirement annuity is payable with respect to  
20 [~~for~~] each [~~participating~~] subdivision from which a person retires  
21 under this subtitle or is considered to have retired.

22 SECTION 29. Section 844.003, Government Code, is amended to  
23 read as follows:

24 Sec. 844.003. EFFECTIVE DATE OF RETIREMENT. (a) Except as  
25 otherwise provided by this section [~~Subsections (b) and (d)~~], the  
26 effective date of a member's service retirement is the date the  
27

1 member designates at the time the member applies for retirement  
2 under Section 844.101, but the date must be the last day of a  
3 calendar month and may not precede the date the member terminates  
4 employment with the subdivision from which the member seeks to  
5 retire.

6 (b) If a member who is an eligible member under Section  
7 844.407 [~~to select an optional retirement annuity~~] dies before  
8 retirement, the member is considered to have retired on the last day  
9 of the month before the month in which death occurred.

10 (b-1) A vested member who has not retired before the  
11 member's required beginning date determined under Section 841.010  
12 is considered to have retired on the last day of the month preceding  
13 the member's required beginning date.

14 (c) The [~~Except as provided by Subsection (b), the~~]  
15 effective date of a member's disability retirement is the date the  
16 member designates at the time the member applies for retirement  
17 under [~~designated on the application for retirement filed by or for~~  
18 ~~the member as provided by~~] Section 844.301, but the date must be the  
19 last day of a calendar month and may not precede the date the member  
20 terminates employment with all participating subdivisions.

21 (d) A member who is eligible for service retirement and who  
22 terminates employment with a participating subdivision may apply  
23 for and receive a service retirement annuity based on service for  
24 that subdivision despite the fact that the member is or becomes an  
25 employee of another participating subdivision. [~~Credited service~~  
26 ~~with the member's new employer may be used in determining~~  
27 ~~eligibility for service retirement. A member who is eligible for~~

1 ~~service retirement using combined credited service for two or more~~  
2 ~~subdivisions may simultaneously apply for and receive a service~~  
3 ~~retirement annuity for service to one subdivision and a refund of~~  
4 ~~accumulated contributions for service to another subdivision. A~~  
5 ~~person who retires under this subsection is considered for all~~  
6 ~~purposes to be a retiree who resumes service with a different~~  
7 ~~employer under Section 842.110.]~~

8 (e) Notwithstanding Subsections (a), (b), (b-1), and (c),  
9 the effective retirement date of a member may not precede the first  
10 anniversary of [~~the earlier of the effective date of the person's~~  
11 ~~membership in the retirement system or~~] the effective date of  
12 participation of the subdivision [~~from which the member had most~~  
13 ~~recently earned credited service~~].

14 SECTION 30. Subchapter A, Chapter 844, Government Code, is  
15 amended by adding Sections 844.004, 844.0041, and 844.0042 to read  
16 as follows:

17 Sec. 844.004. STANDARD RETIREMENT ANNUITY. (a) The  
18 standard retirement annuity payable under this subtitle is computed  
19 with an allowance for the possible payment of a benefit under  
20 Section 844.402 and is the actuarial equivalent of the sum of a  
21 member's:

- 22 (1) accumulated contributions;
- 23 (2) current service credit;
- 24 (3) allocated prior service credit; and
- 25 (4) multiple matching credit.

26 (b) A standard retirement annuity is payable throughout the  
27 life of a retiree.

1       Sec. 844.0041. OPTIONAL RETIREMENT ANNUITIES. (a) Instead  
2 of the standard retirement annuity payable under Section 844.004, a  
3 retiring member may receive an optional retirement annuity under  
4 this section or an optional retirement annuity in another form  
5 authorized by the board of trustees.

6       (b) At a member's effective retirement date, an optional  
7 retirement annuity is actuarially equivalent to the standard  
8 retirement annuity to which the member is entitled.

9       (c) An optional retirement annuity under this section is:

10       (1) a retirement annuity that is payable monthly  
11 throughout the life of a retiree, and after the retiree's death,  
12 throughout the life of an individual designated by the retiree; or

13       (2) a monthly retirement annuity that is payable  
14 throughout the life of a retiree and, if the retiree dies before 180  
15 monthly payments have been made, the remainder of the 180 monthly  
16 payments are payable to the retiree's beneficiary or, if a  
17 beneficiary does not exist, to the retiree's spouse or, if no  
18 surviving spouse exists, to the retiree's estate.

19       (d) The board of trustees by rule may authorize additional  
20 forms of optional retirement annuities, each of which must be  
21 actuarially equivalent to the standard retirement annuity to which  
22 the retiree is entitled as of the effective retirement date.

23       Sec. 844.0042. AUTHORITY TO PAY BENEFITS UNDER ALTERNATE  
24 FORMS. (a) The board of trustees may authorize the payment of the  
25 benefit that is due a recipient to be made as a lump sum or in  
26 another alternate form that is actuarially equivalent to the  
27 benefit that would otherwise be payable to the recipient at the time

1 payments to the recipient would begin. An authorization under this  
2 subsection may be made as a policy of general application or may be  
3 made on a case-by-case basis considering the particular facts and  
4 circumstances.

5 (b) Payment to a retiree in a lump sum or other alternate  
6 form may not be made without the retiree's consent if the payment is  
7 to be sent to an address in the United States and the present value  
8 of the retiree's benefit exceeds a minimum amount set by the board  
9 of trustees. A retiree who receives payment in a lump sum or other  
10 alternate form under this section continues as a retiree for  
11 purposes of a benefit provided by the subdivision under the  
12 optional group term life program.

13 (c) Except as otherwise limited under Subsection (b),  
14 payment under this section is within the exclusive discretion of  
15 the board of trustees, and payment in a lump sum or other alternate  
16 form constitutes full satisfaction of the retirement benefit  
17 otherwise owed to the recipient.

18 (d) The board of trustees may adopt rules for the  
19 administration of this section, including rules for the payment of  
20 benefits internationally and for the verification of a continuing  
21 right to receive payments.

22 SECTION 31. Section 844.005, Government Code, is amended by  
23 amending Subsections (a) and (b) and adding Subsection (b-1) to  
24 read as follows:

25 (a) A retiree may revoke an application for retirement,  
26 change the retiree's choice of retirement annuity payment plans, or  
27 change the designation of beneficiary after the retiree's effective

1 date of retirement by filing written notice with the retirement  
2 system not later than the last day of the month a benefit payment is  
3 first made [~~following the month that includes the effective date of~~  
4 ~~retirement~~]. After that day, a retiree may not revoke the  
5 application for retirement, change the annuity payment plan  
6 selected, or change the designated beneficiary except under Section  
7 844.006.

8 (b) If an applicant for retirement dies on or before the  
9 last day that the application for retirement could have been  
10 revoked under Subsection (a), the decedent's application for  
11 retirement is considered canceled, except that the valid  
12 beneficiary designations made in connection with the retirement  
13 application remain in effect. The beneficiary of a decedent who had  
14 been an eligible member under Section 844.407 may receive an  
15 annuity in accordance with that section [~~A retiree who dies before~~  
16 ~~the first day of the second month following the month that includes~~  
17 ~~the effective date of retirement and who did not select an optional~~  
18 ~~retirement annuity is considered to have selected an optional~~  
19 ~~annuity under Section 844.104(c)(7) or Section 844.305(c)(7), as~~  
20 ~~applicable. Alternatively, the decedent's beneficiary may elect to~~  
21 ~~receive a refund of the decedent's accumulated contributions under~~  
22 ~~Section 844.401]~~.

23 (b-1) Under rules established by the board of trustees, the  
24 retirement system may cancel an application for retirement if the  
25 applicant fails to timely provide all information and forms  
26 necessary to put the retirement into effect.

27 SECTION 32. Sections 844.006(a), (b), (c), and (d),

1 Government Code, are amended to read as follows:

2 (a) A retiree who is receiving payments under a [~~of a~~  
3 ~~standard service or disability~~] retirement annuity computed on the  
4 life of the retiree only [~~or of an annuity for the retiree's life~~  
5 ~~but with payments to continue after the retiree's death until a~~  
6 ~~determined number of payments have been made~~] may revoke any  
7 existing selection and designation of beneficiary nominated to  
8 receive any payments that may become due under the annuity after the  
9 retiree's death and may select a new beneficiary to whom payments  
10 may be made.

11 (b) A person who, as beneficiary of a deceased retiree, is  
12 receiving monthly payments of any fixed-term annuity described by  
13 Subsection (a) may select and designate a person to whom shall be  
14 paid any monthly payments that may become due under the annuity  
15 after the death of the beneficiary making the designation. If a  
16 valid beneficiary designation is not on file with the retirement  
17 system, any monthly payments that become due after the death of the  
18 beneficiary are payable to the beneficiary's spouse or, if no  
19 surviving spouse exists, to the beneficiary's estate.

20 (c) A retiree who is receiving payments under a retirement  
21 annuity computed on the joint lives of the retiree and the retiree's  
22 designated beneficiary [~~selected an optional annuity under Section~~  
23 ~~844.104(c)(1), (c)(2), (c)(5), or (c)(6) or Section 844.305(c)(1),~~  
24 ~~(c)(2), (c)(5), or (c)(6)] may revoke the designation of the  
25 beneficiary to receive the annuity on the death of the retiree, if a  
26 court of competent jurisdiction in a divorce proceeding involving  
27 the retiree and beneficiary awards to the retiree the entire~~

1 retirement benefit earned by the retiree. The order awarding the  
2 retirement benefit may be set forth in the divorce decree or in an  
3 order approving the terms of a property settlement agreement  
4 incident to the divorce of the retiree and beneficiary but must be  
5 dated on or after December 31, 1999. The revocation takes effect  
6 when the retirement system receives it and cancels the optional  
7 annuity selection made by the retiree. Beginning with the month  
8 following the month in which the retirement system receives the  
9 notice of revocation, the retiree is entitled to receive a standard  
10 [~~service or disability~~] retirement annuity[~~, as applicable,~~] in the  
11 same amount that the retiree would receive for the same month if the  
12 retiree had originally retired with a standard [~~service or~~  
13 ~~disability~~] retirement annuity.

14 (d) If a qualified domestic relations order, as that term is  
15 defined by Section 804.001, so provides, the benefit payable to a  
16 retiree who is receiving payments of a retirement [~~an~~] annuity  
17 computed on the joint lives of the retiree and the person designated  
18 as beneficiary by the retiree [~~for the retiree's life with payments~~  
19 ~~to continue after the retiree's death until the death of another~~  
20 ~~person~~] may be divided by the retirement system into two annuities  
21 if:

22 (1) the person who was designated as beneficiary by  
23 the retiree [~~to receive the continued payment after the retiree's~~  
24 ~~death~~] is the same person as the alternate payee;

25 (2) the order specifies that one of the two annuities  
26 is payable over the remaining life of the retiree, with no payments  
27 to be made under that annuity after the death of the retiree; and

1           (3) the order specifies that the annuity payable to  
2 the alternate payee is payable over the remaining life of that  
3 person, with no payments to be made under that annuity after the  
4 death of the alternate payee named in the order [~~, and~~

5           ~~[(4) the annuity that would be payable to the person as~~  
6 ~~the alternate payee under the order would not exceed the annuity~~  
7 ~~that would be payable to that person as the retiree's surviving~~  
8 ~~beneficiary under the option selected if the retiree were~~  
9 ~~deceased].~~

10           SECTION 33. Section 844.007, Government Code, is amended to  
11 read as follows:

12           Sec. 844.007. INTEREST CREDIT FOR OTHER THAN DECEMBER  
13 ~~[ADJUSTMENTS APPLICABLE TO MIDYEAR]~~ RETIREMENTS. A member who  
14 retires with an effective retirement date other than December 31  
15 ~~[(a) The adjustments prescribed in this section shall be made in~~  
16 ~~computing the benefits of and to the accounts of any member who~~  
17 ~~retires effective at the end of any month other than December.~~

18           ~~[(b) Interest]~~ will be credited interest on the beginning  
19 balance in the member's individual account from ~~[in the employees~~  
20 ~~saving fund on]~~ January 1 of the year of retirement ~~[from that date]~~  
21 to the effective date of retirement.

22           ~~[(c) An amount equal to the interest computed under~~  
23 ~~Subsection (b) will be credited to the account in the subdivision~~  
24 ~~accumulation fund for the subdivision that employed the member.]~~

25           SECTION 34. Sections 844.009(a), (c), and (h), Government  
26 Code, are amended to read as follows:

27           (a) With the consent of the board of trustees, the governing

1 body of a subdivision may authorize partial lump-sum distributions  
2 under this section. [~~The governing body of a contributing~~  
3 ~~subdivision with a member contribution rate of at least four~~  
4 ~~percent that has not elected to discontinue enrolling employees may~~  
5 ~~adopt the provisions of this section:~~

6 [~~(1) on the terms provided by Subchapter H; or~~

7 [~~(2) if the board of trustees determines that, based~~  
8 ~~on computations by the retirement system's actuary, the adoption~~  
9 ~~would not impair the ability of the subdivision to fund all~~  
10 ~~obligations against its account in the subdivision accumulation~~  
11 ~~fund before the 20th anniversary of the subdivision's most recent~~  
12 ~~actuarial valuation date.]~~

13 (c) The amount of a lump-sum distribution under this section  
14 may not exceed 100 percent of the total accumulated contributions  
15 in the member's individual account in the employees saving fund  
16 attributable to [~~the credited~~] service with the subdivision for  
17 [~~on~~] which the member has applied for retirement.

18 (h) No portion of a benefit awarded to an alternate payee  
19 under a qualified domestic relations order may be distributed in  
20 the form of a lump sum under this section, unless [~~except that if~~]  
21 the member and the alternate payee agree in writing that the  
22 alternate payee will receive all or a portion of the lump-sum  
23 distribution payable under this section instead of or as part of the  
24 benefits awarded under the qualified domestic relations order [~~, the~~  
25 ~~amount of the lump-sum distribution described in the agreement may~~  
26 ~~be paid directly to the alternate payee in complete satisfaction of~~  
27 ~~the alternate payee's marital property rights and interest in the~~

1 ~~member's benefit~~].

2 SECTION 35. Section 844.010, Government Code, is amended by  
3 adding Subsection (d) to read as follows:

4 (d) The board of trustees may adopt rules concerning the  
5 designation, validity, cancellation, revocation, and eligibility  
6 of beneficiaries under this subtitle.

7 SECTION 36. Section 844.101, Government Code, is amended to  
8 read as follows:

9 Sec. 844.101. APPLICATION FOR SERVICE RETIREMENT ANNUITY.  
10 To receive a retirement annuity for service, an eligible [A] member  
11 must [may] apply [for a service retirement annuity] by filing a  
12 valid [an] application [for retirement] with the retirement system  
13 on or before the member's effective retirement date designated on  
14 the application.

15 SECTION 37. Section 844.102, Government Code, is amended to  
16 read as follows:

17 Sec. 844.102. SYSTEMWIDE ELIGIBILITY FOR SERVICE  
18 RETIREMENT ANNUITY. (a) A member is eligible to apply for and  
19 receive a service retirement annuity if the member:

20 (1) is at least 60 years old and has at least 10 [~~12~~]  
21 years of credited service in the retirement system;

22 (2) has at least 30 years of credited service in the  
23 retirement system; or

24 (3) has at least 10 years of credited service in the  
25 retirement system and the sum of the member's credited service and  
26 attained age equals or exceeds the number 80 [~~met the eligibility~~  
27 ~~requirements for service retirement under Section 844.207,~~

1 ~~844.210, 844.211, or 844.212~~].

2 (b) A person who has retired under this section with a  
3 service retirement annuity is eligible, without regard to any age  
4 or credited service requirement, to apply for and receive a service  
5 retirement annuity based on the member's accumulated contributions

23 month in which the effective date of the order or resolution  
24 providing the increase occurs; and

25            (2) a fraction, specified by the governing body in the

22 SECTION 46. Sections 844.306(a) and (c), Government Code,  
23 are amended to read as follows:

18 amended by adding Section 844.609 to read as follows:

19 Sec. 844.609. INCREASE IN SERVICE CREDITS AND ADOPTION OF

21 otherwise subject to the provisions of Subchapter H may by order or  
22 resolution increase the percentages used to determine multiple  
23 matching credits and allocated prior service credits in the same  
24 manner and to the same extent as if it were a subdivision subject to  
25 the provisions of Subchapter H.

26 (b) A subdivision, other than a county, not otherwise  
27 subject to the provisions of Subchapter H may by order adopt or

1 authorize any option described by Section 844.704(d) in the same  
2 manner and to the same extent as if it were a subdivision subject to  
3 the provisions of Subchapter H.

4 (c) A subdivision, other than a county, may not adopt an  
5 increase in service credits or an additional benefit option under  
6 this section, or adopt an increase in the rate of member

11 (d) Notwithstanding Section 844.605(c), a subdivision,  
12 other than a county, may adopt a supplemental contribution rate  
13 under this subchapter of any percentage that the actuary determines

10 that is a multiple of five percent to take effect on the next  
11 January 1 after the date the increase is adopted, except that the  
12 sum of the percentage for current service credits under Section  
13 843.402 [~~843.403~~] and the percentage for multiple matching credits  
14 may not exceed 250 percent. In its order or resolution, the  
15 governing body may provide that the increased percentage will be  
16 used in determining multiple matching credits under Section 843.402  
17 [~~843.403~~] only for employee contributions made after the effective  
18 date of the increase or that the increased percentage will be used  
19 both prospectively and retroactively in determining the multiple  
20 matching credits for all employee contributions not otherwise  
21 matched at a higher percentage. The governing body may thereafter  
22 reduce the percentage used in determining multiple matching credits  
23 under Section 843.402 [~~843.403~~] for contributions made after the  
24 effective date of the reduction to zero or any percentage that is a  
25 multiple of five percent, to take effect on the next January 1 after  
26 the date of the reduction.

27 (d) The governing body of a subdivision [~~that has adopted or~~

9 (f) A meeting held by telephone conference call,  
10 videoconference, or other similar telecommunication method:

12 to other board meetings;

13 (2) may not be held unless notice of the meeting  
14 specifies the location of the meeting at which at least one trustee  
15 of the board will be physically present; and

1 retirement system or to all members similarly situated in a class.  
2 The board may establish or modify a systemwide standard at a time  
3 and in a manner the board determines to be appropriate and in the  
4 best interests of the system, the members, or their beneficiaries.

5 SECTION 68. Subchapter B, Chapter 845, Government Code, is  
6 amended by adding Section 845.111 to read as follows:

7 Sec. 845.111. INSURANCE. Notwithstanding any other law,  
8 the board of trustees may self-insure or purchase any insurance the  
9 board considers reasonable and prudent for the performance of board

11 SECTION 69. Section 845.114, Government Code, is amended to  
12 read as follows:

13 Sec. 845.114. DEFINITION OF PARTICIPANT; OBTAINING  
14 INFORMATION. (a) In this section, "participant" means a member,

15 cooperation with or on behalf of the retirement system concerning a  
16 participant ~~[an individual member, retiree, annuitant, or~~  
17 ~~beneficiary]~~ is confidential. Except as otherwise provided by this  
18 section, the retirement system is not required to accept or comply  
19 with a request for a record or information about a record of a  
20 participant or to seek an opinion from the attorney general because  
21 the records of a participant are exempt from the public information  
22 provisions of ~~[and is not subject to public disclosure under]~~  
23 Chapter 552. The information may not be disclosed in a form

26                   (A) the participant ~~[individual]~~ or the  
27 participant's ~~[individual's]~~ attorney, guardian, executor,

3 ~~[individual]~~ or the participant's ~~[individual's]~~ estate;

4 (B) a spouse or former spouse of the participant  
5 ~~[individual]~~ and the director determines that the information is  
6 relevant to the spouse's or former spouse's interest in member  
7 accounts, benefits, or other amounts payable by the retirement  
8 system;

9 (C) a governmental official or employee and the  
10 director determines that disclosure of the information requested is  
11 reasonably necessary to the performance of the duties of the  
12 official or employee; or

13 (D) a person authorized by the participant  
14 ~~[individual]~~ in writing to receive the information; or

15 (2) the information is disclosed pursuant to a  
16 subpoena and the director determines that the participant  
17 ~~[individual]~~ will have a reasonable opportunity to contest the  
18 subpoena.

19 (b-1) This section does not require the retirement system to  
20 compile or disclose a list of participants' names, addresses,  
21 social security numbers, or other descriptive or demographic  
22 information.

23 (d) A determination and disclosure under Subsection (a) may  
24 be made without notice to the participant ~~[individual member,~~  
25 ~~retiree, annuitant, or beneficiary]~~.

26 (e) The records of a participant remain confidential after  
27 release to a person as authorized by this section. The records of

1 the participant may become part of a public record of an  
2 administrative or judicial proceeding, and the participant waives  
3 the confidentiality of the records, including medical records,  
4 unless the records are closed to public access by a protective order  
5 issued under applicable law.

6 (f) In this section, "participant" has the meaning assigned  
7 by Section 845.114(a).

8 SECTION 72. Subchapter B, Chapter 845, Government Code, is  
9 amended by adding Section 845.1151 to read as follows:

10 Sec. 845.1151. ELECTRONIC INFORMATION. (a) In this

14 information electronically to a participant and to a subdivision  
15 and receive information electronically from those persons,  
16 including by use of an electronic signature or certification in a  
17 form acceptable to the retirement system. An unintentional  
18 disclosure to, or unauthorized access by, a third party related to  
19 the transmission or receipt of information under this section is  
20 not a violation by the retirement system of any law, including a  
21 rule relating to the protection of confidential information.

22 SECTION 73. Section 845.203(b), Government Code, is amended  
23 to read as follows:

9 15 U.S.C. Section 77b(a)(1), or 15 U.S.C. Section 78c(a)(10). An  
10 interest in a limited partnership or investment contract is  
11 considered a security without regard to the number of investors or  
12 the control, access to information, or rights granted to or  
13 retained by the retirement system. Any instrument or contract  
14 intended to manage transaction, currency exchange, or interest rate  
15 risk in purchasing, selling, or holding securities, or that derives  
16 all or substantially all of its value from the value or performance  
17 of one or more securities, including an index or group of  
18 securities, is considered to be a security. Investment decisions  
19 are subject to the standard provided in the Texas Trust Code by  
20 Section 117.004(b), Property Code.

21 (a-1) Notwithstanding any provision of Chapter 551 or any  
22 other law, the board of trustees may discuss an investment or  
23 potential investment with one or more employees of the retirement  
24 system or with a third party to the extent permitted to the board of

9 ~~the retirement system against loss resulting from its operation of~~  
10 ~~a securities lending program for the system's securities~~]; and

11 (4) require any securities broker or dealer to whom it  
12 lends securities belonging to the retirement system to deliver to  
13 and maintain with the custodian collateral in the form of cash or  
14 United States government securities, the market value of which must  
15 equal not less than 100 percent of the market value, from time to  
16 time, of the loaned securities.

17 SECTION 76. Section 845.305(c), Government Code, is amended  
18 to read as follows:

19 (c) Amounts contributed by a subdivision to provide  
20 benefits under the optional group term life program [~~insurance~~] for  
21 its participating employees and retirees shall be deposited to the

3 are amended to read as follows:

4 (a) The retirement system shall deposit in the optional  
5 group term life [~~supplemental death benefits~~] fund contributions  
6 paid by subdivisions to the retirement system to provide optional  
7 group term life [~~supplemental death~~] benefits in accordance with  
8 Section 845.406. The retirement system may not establish separate  
9 accounts in the fund for subdivisions participating in the optional  
10 group term life program [~~fund~~] but shall credit contributions to a  
11 single account.

12 (b) The retirement system shall pay benefits under the  
13 optional group term life program [~~supplemental death benefits~~] only  
14 from money in the optional group term life [~~supplemental death~~  
15 ~~benefits~~] fund, and the benefits are not an obligation of other  
16 funds of the system.

17 SECTION 79. Section 845.313, Government Code, is amended by  
18 adding Subsection (d) to read as follows:

19 (d) If payment by check to an individual would be, or has  
20 become, impractical, insecure, or proportionally more costly for  
21 the retirement system than payment by check to other persons, the  
22 system may hold or suspend any payment and require the individual to  
23 accept payment by another means or method that is practical,  
24 secure, and cost-effective.

25 SECTION 80. Section 845.314, Government Code, is amended to  
26 read as follows:

27 Sec. 845.314. INTEREST RATES. [~~(a)~~] Unless this subtitle

5 may not participate in, and the subdivision's employees may not be  
6 covered by, the optional group term life program.

7 (d) On approval of participation, the subdivision shall  
8 immediately transfer to the retirement system, for credit to the  
9 appropriate funds within the system, the amounts collected and  
10 segregated under Subsection (b). If the subdivision previously  
11 elected to participate in the optional group term life program,  
12 participation in that program begins on the first day of the month  
13 following the month in which the board of trustees approves  
14 participation in the system.

15 (e) If the board of trustees disapproves the subdivision's  
16 participation in the retirement system, the subdivision shall pay  
17 all employee contributions collected and segregated in  
18 anticipation of board approval to the employees from whom the  
19 contributions were withheld.

20 SECTION 87. Section 845.406, Government Code, is amended to  
21 read as follows:

22 Sec. 845.406. OPTIONAL GROUP TERM LIFE [~~SUPPLEMENTAL DEATH~~  
23 ~~BENEFITS~~] PROGRAM. (a) In addition to other contributions to the  
24 retirement system required by this subtitle, each subdivision  
25 participating in the optional group term life program [~~supplemental~~  
26 ~~death benefits fund~~] monthly shall pay to the optional group term  
27 life fund an amount equal to the rate of contribution computed in

1 accordance with this section, multiplied by the total compensation  
2 for the month of the members employed by the subdivision.

3 (b) A limitation on subdivision contribution rates provided  
4 by this subtitle does not apply to the rate of the contribution to  
5 the optional group term life [~~supplemental death benefits~~] fund.

6 (c) At the time of each investigation of members' mortality  
7 and service experience required by Section 845.110, the actuary  
8 shall investigate the mortality experience of the members and  
9 eligible annuitants participating in the [~~supplemental death~~  
10 ~~benefits~~] program. On the basis of the result of that  
11 investigation, the actuary shall recommend to the board of trustees  
12 rates and tables necessary to determine optional group term life  
13 program [~~supplemental death benefits~~] contribution rates. The  
14 rates and tables may provide for the anticipated mortality  
15 experience of the persons covered under the program [~~supplemental~~  
16 ~~death benefits fund~~] and for a contingency reserve.

17 (d) Before a subdivision's participation date in the  
18 program [~~supplemental death benefits fund~~] and before January 1 of  
19 each subsequent year, the actuary shall compute, on the basis of  
20 rates and tables adopted by the board of trustees, the  
21 [~~supplemental death benefits~~] contribution rate of a subdivision  
22 participating in the program [~~supplemental death benefits~~  
23 ~~contribution fund~~]. The rate must be expressed as a percentage of  
24 the compensation of members employed by the subdivision. When the  
25 rate is approved by the board of trustees, the rate is effective for  
26 the calendar year for which it was approved.

27 (e) The board of trustees, in the exercise of its discretion

1 to manage the assets of the retirement system, may lend money to the  
2 optional group term life ~~[supplemental death benefits]~~ fund if the  
3 amount in the fund is insufficient to pay the ~~[supplemental death]~~  
4 benefits due. Any loan is an investment of the retirement system  
5 and must be repaid solely from future contributions to the  
6 ~~[supplemental death benefits]~~ fund and its share of trust earnings.  
7 The terms of the loan shall be set by the board of trustees, but the  
8 loan must bear a commercially reasonable interest rate. The board  
9 may adjust future contributions to the ~~[supplemental death~~  
10 ~~benefits]~~ fund for purposes of repayment of the loan.

11 (f) To protect against adverse claim experience, the board  
12 of trustees may secure reinsurance from one or more stock insurance  
13 companies doing business in this state if the board determines that  
14 reinsurance is necessary. The retirement system shall pay the  
15 premiums for reinsurance from the optional group term life  
16 ~~[supplemental death benefits]~~ fund.

17 SECTION 88. Section 845.503, Government Code, is amended to  
18 read as follows:

19 Sec. 845.503. AUTHORITY TO RECOUP OR MAKE ADJUSTMENTS FOR  
20 PAYMENTS MADE IN ERROR. (a) The retirement system may reduce  
21 future payments of benefits based on the account of a member, a  
22 retiree, or other former member to recoup an amount overpaid or  
23 otherwise paid in error to or on the behalf of the member, former  
24 member, retiree, annuitant, or beneficiary ~~[or other former~~  
25 ~~member]~~. If no future payments are due, the retirement system may  
26 recover the overpayment in any manner that is permitted for the  
27 collection of any other debt.

1 (b) The retirement system may not recover from a member,  
2 former member, retiree, annuitant, or beneficiary [~~or other former~~  
3 ~~member~~] any overpayment made more than three years before the date  
4 the overpayment is discovered. This subsection does not apply to an  
5 overpayment a reasonable person should know the person is not  
6 entitled to receive.

7 (c) The retirement system may adjust amounts in a  
8 subdivision's account in the subdivision accumulation fund to  
9 correct an error caused by an act or omission of the subdivision  
10 [~~related to the account~~].

11 SECTION 89. The heading to Section 845.505, Government  
12 Code, is amended to read as follows:

13 Sec. 845.505. UNDISTRIBUTED [~~UNCLAIMED~~] BENEFITS.

14 SECTION 90. Section 845.505, Government Code, is amended by  
15 amending Subsections (b), (c), (d), (e), (f), and (i) and adding  
16 Subsection (f-1) to read as follows:

17 (b) A notice under this section must include the name of the  
18 former member, the name of each subdivision with which the former  
19 member has an individual account, a statement that no additional  
20 interest is credited after a membership has terminated, a statement  
21 that a benefit is [~~currently~~] payable, and a statement of the  
22 procedure for obtaining payment of that benefit[, ~~and a statement~~  
23 ~~that a failure to file a valid application for benefits may cause~~  
24 ~~unclaimed benefits to be forfeited to the retirement system~~].

25 (c) If a person files with the retirement system a valid  
26 application for an annuity based on a membership that terminated  
27 under Section 842.109(b), the retirement system shall pay an

1 annuity computed as of the former member's effective retirement  
2 date as determined under that section [~~date on which the annuity~~  
3 ~~would have been required to begin under this subtitle~~].

4 (d) An applicant who is a [the] former member may select the  
5 standard [~~service~~] retirement annuity or an optional [~~service~~]  
6 retirement annuity under Section 844.0041(c) or (d) [~~844.104~~]. An  
7 applicant who is the surviving beneficiary or the personal  
8 representative [~~spouse~~] of a deceased [~~the~~] former member may  
9 select an [~~optional service retirement~~] annuity payable in a form  
10 authorized by the board of trustees under Section 844.407 [~~under~~  
11 ~~Section 844.104. If the applicant is not the former member or~~  
12 ~~surviving spouse, the annuity will be computed as an annuity under~~  
13 ~~Section 844.104(c)(7)~~]. All annuity payments that previously would  
14 have been paid if the annuity had begun on the effective retirement  
15 date [~~required under this subtitle~~] will be paid to the applicant.

16 (e) If a person files with the retirement system a valid  
17 application for a refund of a former member's accumulated  
18 contributions or a valid application for a benefit payable under  
19 the optional group term life program, the retirement system shall  
20 pay to the applicant the portion [~~amount~~] of the former member's  
21 accumulated contributions or the portion of the optional group term  
22 life benefits to which the applicant is entitled.

23 (f) If a person eligible to receive a benefit fails to  
24 provide accurate and verifiable information regarding the  
25 identity, age, taxpayer identification number, or residential  
26 address of the person or the person's beneficiary, the retirement  
27 system may hold or delay payment of any benefit until the

1 information is provided. If a person receiving an annuity fails to  
2 negotiate two or more annuity payments, fails to respond to a  
3 written request for information relevant to the annuitant's  
4 continuing right to receive benefits or relevant to the  
5 responsibility of the system to report accurately the distribution  
6 under federal or state law, fails to provide the system with an  
7 address for the delivery of a benefit that is safe and secure from  
8 loss, theft, or misdelivery, or fails in any other manner that  
9 interferes with or impedes the efficient administration of the  
10 system, the system may suspend and hold all benefit payments until  
11 the failure is corrected [~~more than five consecutive annuity~~  
12 ~~payments, the retirement system may send a notice to that person,~~  
13 ~~stating that unless the previous payments are negotiated not later~~  
14 ~~than the 30th day after the date of the notice, payment of benefits~~  
15 ~~will be suspended. After receipt of a valid application, the~~  
16 ~~retirement system shall resume making monthly payments. All~~  
17 ~~annuity payments that would have otherwise been paid if the annuity~~  
18 ~~had not been suspended will be paid to the person or, if the person~~  
19 ~~has died, to the decedent's beneficiary or, if no beneficiary~~  
20 ~~exists, to the annuitant's estate].~~

21 (f-1) If there is a continuation of an optional annuity, the  
22 retirement system shall pay to the person receiving the continuing  
23 annuity any amount held by the system to which the deceased person  
24 was entitled. If the annuity terminates with the death of the  
25 person, any amount held by the retirement system to which a deceased  
26 person was entitled is payable under rules and procedures adopted  
27 by the board of trustees.

1 (i) The board of trustees may adopt rules concerning the  
2 notice, distribution, management, transfer, and administration of  
3 unclaimed, held, delayed, and suspended benefits, ~~and~~ the  
4 authority of an applicant to act as trustee of an absent beneficiary  
5 in the selection of a payment option or receipt of an absent  
6 beneficiary's benefit under this section, and the distribution of  
7 benefits to an alternate payee under a qualified domestic relations  
8 order with respect to a terminated membership.

9 SECTION 91. Section 845.506, Government Code, is amended to  
10 read as follows:

11 Sec. 845.506. APPEAL OF ADMINISTRATIVE DECISION. (a) A  
12 decision of the retirement system is final and conclusive unless an  
13 appeal is filed in writing with the system by regular mail or  
14 electronic filing, as that term is defined by Section  
15 845.116(a)(1), not later than the 90th day after the earlier of the  
16 date the person subject to the decision receives notice of the  
17 decision by any means or the date the system files notice of its  
18 decision with the person by regular mail or electronic means.

19 (b) A person may appeal a decision to the board of trustees  
20 if the person is aggrieved by a decision of the retirement system  
21 relating to the system or any program administered by the system  
22 under this subtitle:

23 (1) denying or limiting membership, service credit, or  
24 eligibility for or the amount of benefits payable by the system; or

25 (2) regarding to whom benefits should be paid under  
26 the system or program.

27 (c) The director or the director's designee may refer an

1 appeal made under Subsection (a) to the State Office of  
2 Administrative Hearings for a hearing or employ, select, or  
3 contract for the services of an administrative law judge or hearing  
4 examiner not affiliated with the State Office of Administrative  
5 Hearings to conduct a hearing. This subsection prevails over any  
6 other law to the extent of any conflict.

7 (d) An appeal under this section is considered to be a  
8 contested case under Chapter 2001. The appellant in a contested  
9 case under this section has the burden of proof on all issues,  
10 including issues in the nature of an affirmative defense.

11 (e) The board of trustees may in its sole discretion make a  
12 final decision on a contested case under this section.  
13 Notwithstanding any other law, the board may in its sole discretion  
14 modify, refuse to accept, or delete any proposed finding of fact or  
15 conclusion of law contained in a proposal for decision submitted by  
16 an administrative law judge or other hearing examiner, or make  
17 alternative findings of fact and conclusions of law, in a  
18 proceeding considered to be a contested case under Chapter 2001.  
19 The board shall state in writing the specific reason for its  
20 determination and may adopt rules for the implementation of this  
21 subsection. The board may delegate its authority under this  
22 subsection to the director.

23 (f) Notwithstanding Subsections (d) and (e), the retirement  
24 system and a person aggrieved by a decision of the system may at any  
25 time informally negotiate an award of benefits. Negotiated  
26 benefits may not exceed the maximum benefits otherwise available or  
27 required by law.

1        (g) A final decision of the board of trustees in a contested  
2 case under this section is subject to judicial review under Chapter  
3 2001. The standard of review is by substantial evidence. Venue of  
4 the appeal is only in a district court in Travis County. [A  
5 decision of the board of trustees denying or limiting membership,  
6 service credit, eligibility for or the amount of benefits payable  
7 by the retirement system, or regarding to whom benefits should be  
8 paid is a decision in a contested case as defined by the  
9 administrative procedure law, Chapter 2001, and is subject to  
10 judicial review under the substantial evidence rule in accordance  
11 with Sections 2001.174-2001.177.]

12        SECTION 92. The following provisions of the Government Code  
13 are repealed:

- 14            (1) Section 842.001(b);
- 15            (2) Section 842.006;

- 23            (10) the heading to Subchapter G, Chapter 843;
- 24            (11) Subchapter H, Chapter 843;
- 25            (12) Sections 844.009(d) and (g);
- 26            (13) Section 844.103;
- 27            (14) Section 844.104;

- 1           (15) Section 844.202;
- 2           (16) Section 844.207;
- 3           (17) Section 844.208(g);
- 4           (18) Section 844.209(g);
- 5           (19) Section 844.210;
- 6           (20) Section 844.211;
- 7           (21) Section 844.212;
- 8           (22) Section 844.304;
- 9           (23) Section 844.305;
- 10          (24) Section 844.306(b);

- 15          (29) Section 845.304; and
- 16          (30) Sections 845.316(b) and (c).

17           SECTION 93. Section 841.001, Government Code, as amended by  
18 this Act, applies to Sections 94 through 97 of this Act.

19           SECTION 94. The accumulated contributions attributable to a  
20 membership in the Texas County and District Retirement System that  
21 was terminated before January 1, 2005, under prior law because of  
22 absence from service are held by the retirement system in a  
23 noninterest-bearing account and may not be considered deposits  
24 under Section 843.003 or 843.0031, Government Code, as amended by  
25 this Act, until the person:

- 26           (1) again becomes a member of the retirement system;
- 27           (2) is eligible under Section 843.003 or 843.0031,

1 Government Code, as amended by this Act; and

2 (3) submits an application to the retirement system.

3 SECTION 95. Sections 844.102(a)(1) and (3), Government  
4 Code, as amended by this Act, do not apply to a participating  
5 subdivision in the Texas County and District Retirement System that  
6 on December 31, 2007, required 12 years of credited service before  
7 service retirement from the system at age 60 or older. The 12-year  
8 credited service requirement to meet the minimum eligibility for  
9 service retirement at age 60 or older remains in effect for a  
10 subdivision described by this section. A subdivision described by  
11 this section subsequently may elect to be subject to Section  
12 844.102, Government Code, as amended by this Act, effective on the  
13 date the election is made.

14 SECTION 96. A member of the Texas County and District  
15 Retirement System who on December 31, 1999, had any eligible  
16 credited service with a subdivision that as of that date authorized  
17 a service retirement annuity for a member when the sum of the  
18 member's age and credited service equaled or exceeded a specified  
19 number, whose membership in the retirement system continued after  
20 that date without interruption, who has accumulated at least four  
21 years of eligible credited service, and whose membership is  
22 terminated under Section 842.108(b), Government Code, because of  
23 the requirements of Section 841.010, Government Code, is  
24 immediately eligible to retire and receive a service retirement  
25 annuity computed without actuarial reduction because of the failure  
26 to satisfy a required service eligibility provision in effect for  
27 the subdivision on the date the annuity is computed.

1           SECTION 97. Effective September 1, 2007, a participating  
2 subdivision in the Texas County and District Retirement System that  
3 elected before January 1, 1978, to provide a ratio of current  
4 service credits to member contributions that is greater than  
5 one-to-one, resulting in the larger portion of a member's total  
6 service credits consisting of current service credits, may by order  
7 of its governing body adopted before January 1, 2008, continue the  
8 ratio of current service credits in effect on December 31, 2007, and  
9 be exempt from the change in law made to Section 843.003, Government  
10 Code, by this Act. The total service credits accumulated by a  
11 member may not be reduced as the result of an action or lack of an  
12 action taken under this section.

13           SECTION 98. (a) Except as provided by Subsection (b) of  
14 this section, this Act takes effect January 1, 2008.

15           (b) Sections 844.609 and 845.4031, Government Code, as  
16 added by this Act, and Section 97 of this Act take effect September  
17 1, 2007.
