SECTION 2. Sections 2054.113(b) and (c), Government Code, are amended to read as follows:

- (b) A state agency may not duplicate an infrastructure component of TexasOnline, unless the <u>department</u> [program management office] approves the duplication. In this subsection, "infrastructure" does not include the development of applications, and the supporting platform, for electronic government projects.
- (c) Before a state agency may contract with a third party for Internet application development that duplicates a TexasOnline function, the state agency must notify the department of its intent to bid for such services at the same time that others have the opportunity to bid. The department [program management office] may exempt a state agency from this section if it determines the agency has fully complied with Section 2054.111.

SECTION 3. Section 2054.118(b), Government Code, is amended to read as follows:

(b) The department shall develop rules or guidelines for its review of major information resources projects and project management practices for the projects [, including guidelines for software development and quality assurance]. The department shall also assist the Legislative Budget Board in evaluating the determinations about comparative costs and benefits that state agencies make under Subsection (c).

SECTION 4. Section 2054.1182(a), Government Code, is amended to read as follows:

(a) After a major information resources project has been completed, [the quality assurance team may require] a state agency shall [to] evaluate and report to the quality assurance team on whether the project met the agency's [its] objectives or other

expectations.
