6 SECTION 1. Section 382.0205, Health and Safety Code, is
7 amended to read as follows:

8 Sec. 382.0205. SPECIAL PROBLEMS RELATED TO AIR CONTAMINANT
9 EMISSIONS. Consistent with applicable federal law, the commission
10 by rule may control air contaminants as necessary to protect
11 against adverse effects related to:

- 12 (1) acid deposition;
- 13 (2) stratospheric changes, including depletion of
14 ozone; ~~and~~
- 15 (3) climatic changes, including global warming; and
- 16 (4) air pollution.

17 SECTION 2. Subchapter B, Chapter 382, Health and Safety
18 Code, is amended by adding Sections 382.0206 and 382.0207 to read as
19 follows:

20 Sec. 382.0206. AIR POLLUTANT WATCH LIST. (a) The
21 commission shall establish and maintain an air pollutant watch
22 list. The air pollutant watch list must identify:

- 23 (1) each air contaminant that the commission
24 determines, on the basis of federal or state ambient air quality

1 standards or effects screening levels for the contaminant, should
2 be included on the air pollutant watch list; and

3 (2) each geographic area of the state for which
4 ambient air quality monitoring data indicates that the individual
5 or cumulative emissions of one or more air contaminants identified
6 by the commission under Subdivision (1) may cause short-term or
7 long-term adverse human health effects or odors in that area.

8 (b) The commission shall publish notice of and allow public
9 comment on:

10 (1) an addition of an air contaminant to or removal of
11 an air contaminant from the air pollutant watch list; or

12 (2) an addition of an area to or removal of an area
13 from the air pollutant watch list.

14 (c) Each year, the commission shall hold a public meeting in

16 residents of the area with information regarding:

17 (1) the reasons for the area's inclusion on the air
18 pollutant watch list; and

19 (2) commission actions to reduce the emissions of air
20 contaminants contributing to the area's inclusion on the air
21 pollutant watch list.

22 (d) Not later than December 1 of each year, the commission
23 shall prepare an electronic report regarding the air pollutant
24 watch list and provide the report to the governor, the lieutenant
25 governor, and the speaker of the house of representatives. The

3 from the air pollutant watch list during the preceding fiscal year;

4 (3) the actions taken by the commission during the
5 preceding fiscal year to reduce the ambient air concentration
6 levels of air contaminants included on the air pollutant watch
7 list; and

8 (4) any additional monitoring that is needed in a
9 particular area of the state to determine whether the area should be
10 included on the air pollutant watch list.

11 (e) The air pollutant watch list and the addition of or
12 removal of a pollutant or area to or from the list are not matters
13 subject to the procedural requirements of Subchapter B, Chapter
14 2001, Government Code.
