Sec. 531.094. PILOT PROGRAM AND OTHER PROGRAMS TO PROMOTE HEALTHY LIFESTYLES. (a) The commission shall develop and implement a pilot program in one region of this state under which Medicaid recipients are provided positive incentives to lead healthy lifestyles, including through participating in certain health-related programs or engaging in certain health-conscious behaviors, thereby resulting in better health outcomes for those recipients.

(b) Except as provided by Subsection (c), in implementing the pilot program, the commission may provide:

(1) expanded health care benefits or value-added services for Medicaid recipients who participate in certain
programs, such as specified weight loss or smoking cessation
programs;

(2) individual health rewards accounts that allow
Medicaid recipients who follow certain disease management
protocols to receive credits in the accounts that may be exchanged
for health-related items specified by the commission that are not
covered by Medicaid; and

(3) any other positive incentive the commission
determines would promote healthy lifestyles and improve health
outcomes for Medicaid recipients.

(c) The commission shall consider similar incentive
programs implemented in other states to determine the most
cost-effective measures to implement in the pilot program under
this section.

(d) Not later than December 1, 2010, the commission shall
submit a report to the legislature that:

(1) describes the operation of the pilot program;

(2) analyzes the effect of the incentives provided
under the pilot program on the health of program participants; and

(3) makes recommendations regarding the continuation
or expansion of the pilot program.

(e) In addition to developing and implementing the pilot
program under this section, the commission may, if feasible and
cost-effective, develop and implement an additional incentive

years of age to make timely health care visits under the early and
periodic screening, diagnosis, and treatment program. The
commission shall provide incentives under the program for managed
care organizations contracting with the commission under Chapter
533 and Medicaid providers to encourage those organizations and

screening, diagnosis, and treatment program.

(f) This section expires September 1, 2011.

Sec. 531.0941. MEDICAID HEALTH SAVINGS ACCOUNT PILOT
PROGRAM. (a) If the commission determines that it is
cost-effective and feasible, the commission shall develop and
implement a Medicaid health savings account pilot program that is
consistent with federal law to:

(1) encourage health care cost awareness and
sensitivity by adult recipients; and

(2) promote appropriate utilization of Medicaid
services by adult recipients.

(b) If the commission implements a pilot program under this
section, the commission may only include adult recipients as
participants in the program.

(c) If the commission implements a Medicaid health savings
account pilot program under this section, the commission shall
ensure that:

(1) participation in the pilot program is voluntary;

and

(2) a recipient who participates in the pilot program
may, at the recipient's option, discontinue participation in the
program and resume receiving benefits and services under the
traditional Medicaid delivery model.

Sec. 531.097. TAILORED BENEFIT PACKAGES FOR CERTAIN CATEGORIES OF THE MEDICAID POPULATION. (a) The executive commissioner may seek a waiver under Section 1115 of the federal Social Security Act (42 U.S.C. Section 1315) to develop and, subject to Subsection (c), implement tailored benefit packages designed to:

(1) provide Medicaid benefits that are customized to meet the health care needs of recipients within defined categories of the Medicaid population through a defined system of care;

(2) improve health outcomes for those recipients;

(3) improve those recipients' access to services;

(4) achieve cost containment and efficiency; and

(5) reduce the administrative complexity of delivering Medicaid benefits.

(b) The commission:

(1) shall develop a tailored benefit package that is customized to meet the health care needs of Medicaid recipients who are children with special health care needs, subject to approval of the waiver described by Subsection (a); and

(2) may develop tailored benefit packages that are customized to meet the health care needs of other categories of Medicaid recipients.

(c) If the commission develops tailored benefit packages under Subsection (b)(2), the commission shall submit a report to the standing committees of the senate and house of representatives having primary jurisdiction over the Medicaid program that
specifies, in detail, the categories of Medicaid recipients to which each of those packages will apply and the services available under each package. The commission may not implement a package developed under Subsection (b)(2) before September 1, 2009.

(d) Except as otherwise provided by this section and subject to the terms of the waiver authorized by this section, the commission has broad discretion to develop the tailored benefit packages under this section and determine the respective categories of Medicaid recipients to which the packages apply in a manner that preserves recipients' access to necessary services and is consistent with federal requirements.

(e) Each tailored benefit package developed under this section must include:

(1) a basic set of benefits that are provided under all tailored benefit packages; and

(2) to the extent applicable to the category of Medicaid recipients to which the package applies:

(A) a set of benefits customized to meet the health care needs of recipients in that category; and

(B) services to integrate the management of a recipient's acute and long-term care needs, to the extent feasible.

(f) In addition to the benefits required by Subsection (e), a tailored benefit package developed under this section that applies to Medicaid recipients who are children must provide at least the services required by federal law under the early and periodic screening, diagnosis, and treatment program.

(g) A tailored benefit package developed under this section

S.B. No. 10
may include any service available under the state Medicaid plan or under any federal Medicaid waiver, including any preventive health or wellness service.

(g-1) A tailored benefit package implemented under this section may not reduce the scope of benefits that were available under the Medicaid state plan immediately before September 1, 2007, to the category of Medicaid recipients to which the package applies.

(h) In developing the tailored benefit packages, the commission shall consider similar benefit packages established in other states as a guide.

(i) The executive commissioner, by rule, shall define each category of recipients to which a tailored benefit package applies and a mechanism for appropriately placing recipients in specific categories. Recipient categories must include children with special health care needs and may include:

(1) persons with disabilities or special health needs;
(2) elderly persons;
(3) children without special health care needs; and
(4) working-age parents and caretaker relatives.

(j) This section does not apply to a tailored benefit package or similar package of benefits implemented before September 1, 2007.

Sec. 531.0971. TAILORED BENEFIT PACKAGES FOR NON-MEDICAID POPULATIONS. (a) The commission shall identify state or federal non-Medicaid programs that provide health care services to persons whose health care needs could be met by providing customized
benefits through a system of care that is used under a Medicaid
tailored benefit package implemented under Section 531.097.

(b) If the commission determines that it is feasible and to
the extent permitted by federal and state law, the commission
shall:

(1) provide the health care services for persons
identified under Subsection (a) through the applicable Medicaid
tailored benefit package; and

(2) if appropriate or necessary to provide the
services as required by Subdivision (1), develop and implement a
system of blended funding methodologies to provide the services in
that manner.

(b) Not later than September 1, 2008, the Health and Human
Services Commission shall implement the pilot program under Section
531.094, Government Code, as added by this section.

SECTION 4. (a) Subchapter C, Chapter 531, Government Code,
is amended by adding Section 531.1112 to read as follows:

Sec. 531.1112. STUDY CONCERNING INCREASED USE OF TECHNOLOGY
TO STRENGTHEN FRAUD DETECTION AND DETERRENCE; IMPLEMENTATION.

(a) The commission and the commission's office of inspector
general shall jointly study the feasibility of increasing the use
of technology to strengthen the detection and deterrence of fraud
in the state Medicaid program. The study must include the
determination of the feasibility of using technology to verify a
person's citizenship and eligibility for coverage.

(b) The commission shall implement any methods the
commission and the commission's office of inspector general
determine are effective at strengthening fraud detection and
deterrence.

(b) Not later than December 1, 2008, the Health and Human
Services Commission shall submit to the legislature a report
detailing the findings of the study required by Section 531.1112,
Government Code, as added by this section. The report must include
a description of any method described by Subsection (b), Section
531.1112, Government Code, as added by this section, that the
commission has implemented or intends to implement.

SECTION 5. (a) Chapter 531, Government Code, is amended by
adding Subchapter N to read as follows:

SUBCHAPTER N. TEXAS HEALTH OPPORTUNITY POOL

Sec. 531.501. DIRECTION TO OBTAIN FEDERAL WAIVER FOR POOLED
FUNDS. (a) The executive commissioner may seek a waiver under
Section 1115 of the federal Social Security Act (42 U.S.C. Section
1315) to the state Medicaid plan to allow the commission to more
efficiently and effectively use federal money paid to this state
under various programs to defray costs associated with providing
uncompensated health care in this state by:

(1) depositing that federal money and, to the extent
necessary, state money, into a pooled fund established in the state
treasury outside the general revenue fund; and

(2) using the money for purposes consistent with this
subchapter.

(b) The federal money the executive commissioner may seek
approval to pool includes:

(1) money provided under the disproportionate share
hospitals and upper payment limit supplemental payment programs,
other than money provided under the disproportionate share
hospitals supplemental payment program to state-owned and operated
hospitals;

(2) money provided by the federal government in lieu
of some or all of the payments under those programs;

(3) any combination of funds authorized to be pooled
by Subdivisions (1) and (2); and

(4) any other money available for that purpose,
including federal money and money identified under Subsection (c).

(c) The commission shall seek to optimize federal funding
by:

(1) identifying health care related state and local
funds and program expenditures that, before September 1, 2007, are
not being matched with federal money; and

(2) exploring the feasibility of:

(A) certifying or otherwise using those funds and
expenditures as state expenditures for which this state may receive
federal matching money; and

(B) pooling federal matching money received as
provided by Paragraph (A) with other federal money pooled under
Subsection (b), or substituting that federal matching money for
federal money that otherwise would be received under the
disproportionate share hospitals and upper payment limit
supplemental payment programs as a match for local funds received
by this state through intergovernmental transfers.

(d) The terms of a waiver approved under this section must:
include safeguards to ensure that the total amount of federal money in the pooled fund and any federal money provided under the disproportionate share hospitals and upper payment limit supplemental payment programs that is not included in the pooled fund is, for a particular state fiscal year, at least equal to the greater of the annualized amount provided to this state under those supplemental payment programs during state fiscal year 2007, excluding amounts provided during that state fiscal year that are retroactive payments, or the state fiscal years during which the waiver is in effect; and

allow for the development by this state of a methodology for allocating money in the pooled fund to:

(A) offset, in part, the uncompensated health care costs incurred by hospitals;

(B) reduce the number of persons in this state who do not have health benefits coverage; and

(C) maintain and enhance the community public health infrastructure provided by hospitals.

In a waiver under this section, the executive commissioner shall seek to:

(1) obtain maximum flexibility with respect to using the money in the pooled fund for purposes consistent with this subchapter;

(2) include an annual adjustment to the aggregate caps under the upper payment limit supplemental payment program to account for inflation, population growth, and other appropriate demographic factors that affect the ability of residents of this
(3) ensure, for the term of the waiver, that the aggregate caps under the upper payment limit supplemental payment program for each of the three classes of hospitals are not less than the aggregate caps that applied during state fiscal year 2007; and

(4) to the extent allowed by federal rule, federal regulations, and federal waiver authority, preserve existing resources funded by intergovernmental transfer or certified public expenditure that are used to optimize Medicaid payments to safety net hospitals for uncompensated care, unless the need for the resources is revised through measures that reduce the Medicaid shortfall or uncompensated care costs.

(f) The executive commissioner shall seek broad-based stakeholder input in the development of the waiver under this section and shall provide information to stakeholders regarding the terms and components of the waiver for which the executive commissioner seeks federal approval.

(g) The executive commissioner shall seek the advice of the Legislative Budget Board before finalizing the terms and conditions of the negotiated waiver.

Sec. 531.502. ESTABLISHMENT OF TEXAS HEALTH OPPORTUNITY POOL. Subject to approval of the waiver authorized by Section 531.501, the Texas health opportunity pool is established in accordance with the terms of that waiver as an account in the state treasury outside the general revenue fund. Money in the pool may be used only for purposes consistent with this subchapter and the terms of the waiver.
Sec. 531.503. USE OF TEXAS HEALTH OPPORTUNITY POOL IN GENERAL; RULES FOR ALLOCATION. (a) Except as otherwise provided by the terms of a waiver authorized by Section 531.501, money in the Texas health opportunity pool may be used:

(1) subject to Section 531.504, to provide reimbursements to health care providers that:

(A) are based on the providers' costs related to providing uncompensated care; and

(B) compensate the providers for at least a portion of those costs;

(2) to reduce the number of persons in this state who do not have health benefits coverage;

(3) to reduce the need for uncompensated health care provided by hospitals in this state; and

(4) for any other purpose specified by this subchapter or the waiver.

(b) On approval of the waiver, the executive commissioner shall:

(1) seek input from a broad base of stakeholder representatives on the development of rules with respect to, and the implementation of, the pool; and

(2) by rule develop a methodology for allocating money in the pool that is consistent with the terms of the waiver.

Sec. 531.504. REIMBURSEMENTS FOR UNCOMPENSATED HEALTH CARE COSTS. (a) Except as otherwise provided by the terms of a waiver authorized by Section 531.501 and subject to Subsections (b) and (c), money in the Texas health opportunity pool may be allocated to
hospitals in this state and political subdivisions of this state to
defray the costs of providing uncompensated health care in this
state.

(b) To be eligible for money from the pool under this
section, a hospital or political subdivision must use a portion of
the money to implement strategies that will reduce the need for
uncompensated inpatient and outpatient care, including care
provided in a hospital emergency room. Strategies that may be
implemented by a hospital or political subdivision, as applicable,
include:

(1) fostering improved access for patients to primary
care systems or other programs that offer those patients medical
homes, including the following programs:

(A) three share or multiple share programs;

(B) programs to provide premium subsidies for
health benefits coverage; and

(C) other programs to increase access to health
benefits coverage; and

(2) creating health care systems efficiencies, such as
using electronic medical records systems.

(c) The allocation methodology adopted by the executive
commissioner under Section 531.503(b) must specify the percentage
of the money from the pool allocated to a hospital or political
subdivision that the hospital or political subdivision must use for
strategies described by Subsection (b).
waiver authorized by Section 531.501, money in the Texas health
opportunity pool that is available to reduce the number of persons
in this state who do not have health benefits coverage or to reduce
the need for uncompensated health care provided by hospitals in
this state may be used for purposes relating to increasing access to
health benefits coverage for low-income persons, including:

(1) providing premium payment assistance to those
persons through a premium payment assistance program developed
under this section;

(2) making contributions to health savings accounts
for those persons; and

(3) providing other financial assistance to those
persons through alternate mechanisms established by hospitals in
this state or political subdivisions of this state that meet
certain criteria, as specified by the commission.

(b) The commission and the Texas Department of Insurance
shall jointly develop a premium payment assistance program designed
to assist persons described by Subsection (a) in obtaining and
maintaining health benefits coverage. The program may provide
assistance in the form of payments for all or part of the premiums
for that coverage. In developing the program, the executive
commissioner shall adopt rules establishing:

(1) eligibility criteria for the program;

(2) the amount of premium payment assistance that will
be provided under the program;

(3) the process by which that assistance will be paid;

and
S.B. No. 10

(4) the mechanism for measuring and reporting the
number of persons who obtained health insurance or other health
benefits coverage as a result of the program.

(c) The commission shall implement the premium payment
assistance program developed under Subsection (b), subject to
appropriations for that purpose.

Sec. 531.506. INFRASTRUCTURE IMPROVEMENTS. (a) Except as
otherwise provided by the terms of a waiver authorized by Section
531.501 and subject to Subsection (c), money in the Texas health
opportunity pool may be used for purposes related to developing and
implementing initiatives to improve the infrastructure of local
provider networks that provide services to Medicaid recipients and
low-income uninsured persons in this state.

(b) Infrastructure improvements under this section may
include developing and implementing a system for maintaining
medical records in an electronic format.

(c) Not more than 10 percent of the total amount of the money
in the pool used in a state fiscal year for purposes other than
providing reimbursements to hospitals for uncompensated health
care may be used for infrastructure improvements described by
Subsection (b).

(b) If the executive commissioner of the Health and Human
Services Commission obtains federal approval for a waiver under
Section 531.501, Government Code, as added by this Act, the
executive commissioner shall submit a report to the Legislative
Budget Board that outlines the components and terms of that waiver
as soon as possible after federal approval is granted.
SECTION 6. (a) Chapter 531, Government Code, is amended by adding Subchapter O to read as follows:

SUBCHAPTER O. UNCOMPENSATED HOSPITAL CARE

Sec. 531.551. UNCOMPENSATED HOSPITAL CARE REPORTING AND ANALYSIS. (a) The executive commissioner shall adopt rules providing for:

(1) a standard definition of "uncompensated hospital care";

(2) a methodology to be used by hospitals in this state to compute the cost of that care that incorporates the standard set of adjustments described by Section 531.552(g)(4); and

(3) procedures to be used by those hospitals to report the cost of that care to the commission and to analyze that cost.

(b) The rules adopted by the executive commissioner under Subsection (a)(3) may provide for procedures by which the commission may periodically verify the completeness and accuracy of the information reported by hospitals.

(c) The commission shall notify the attorney general of a hospital's failure to report the cost of uncompensated care on or before the date the report was due in accordance with rules adopted under Subsection (a)(3). On receipt of the notice, the attorney general shall impose an administrative penalty on the hospital in the amount of $1,000 for each day after the date the report was due that the hospital has not submitted the report, not to exceed $10,000.

(d) If the commission determines through the procedures adopted under Subsection (b) that a hospital submitted a report
with incomplete or inaccurate information, the commission shall notify the hospital of the specific information the hospital must submit and prescribe a date by which the hospital must provide that information. If the hospital fails to submit the specified information on or before the date prescribed by the commission, the commission shall notify the attorney general of that failure. On receipt of the notice, the attorney general shall impose an administrative penalty on the hospital in an amount not to exceed $10,000. In determining the amount of the penalty to be imposed, the attorney general shall consider:

- the seriousness of the violation;
- whether the hospital had previously committed a violation; and
- the amount necessary to deter the hospital from committing future violations.

A report by the commission to the attorney general under Subsection (c) or (d) must state the facts on which the commission based its determination that the hospital failed to submit a report or failed to completely and accurately report information, as applicable.

The attorney general shall give written notice of the commission's report to the hospital alleged to have failed to comply with a requirement. The notice must include a brief summary of the alleged violation, a statement of the amount of the administrative penalty to be imposed, and a statement of the hospital's right to a hearing on the alleged violation, the amount of the penalty, or both.
S.B. No. 10

(g) Not later than the 20th day after the date the notice is sent under Subsection (f), the hospital must make a written request for a hearing or remit the amount of the administrative penalty to the attorney general. Failure to timely request a hearing or remit the amount of the administrative penalty results in a waiver of the right to a hearing under this section. If the hospital timely requests a hearing, the attorney general shall conduct the hearing in accordance with Chapter 2001, Government Code. If the hearing results in a finding that a violation has occurred, the attorney general shall:

(1) provide to the hospital written notice of:
   (A) the findings established at the hearing; and
   (B) the amount of the penalty; and

(2) enter an order requiring the hospital to pay the amount of the penalty.

(h) Not later than the 30th day after the date the hospital receives the order entered by the attorney general under Subsection (g), the hospital shall:

(1) pay the amount of the administrative penalty;

(2) remit the amount of the penalty to the attorney general for deposit in an escrow account and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both; or

(3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both and file with the court a sworn affidavit stating that the hospital is financially...
unable to pay the amount of the penalty.

(i) The attorney general's order is subject to judicial review as a contested case under Chapter 2001, Government Code.

(j) If the hospital paid the penalty and on review the court does not sustain the occurrence of the violation or finds that the amount of the administrative penalty should be reduced, the attorney general shall remit the appropriate amount to the hospital not later than the 30th day after the date the court's judgment becomes final.

(k) If the court sustains the occurrence of the violation:
   (1) the court:
      (A) shall order the hospital to pay the amount of the administrative penalty; and
      (B) may award to the attorney general the attorney's fees and court costs incurred by the attorney general in defending the action; and
   (2) the attorney general shall remit the amount of the penalty to the comptroller for deposit in the general revenue fund.

(1) If the hospital does not pay the amount of the administrative penalty after the attorney general's order becomes final for all purposes, the attorney general may enforce the penalty as provided by law for legal judgments.

Sec. 531.552. WORK GROUP ON UNCOMPENSATED HOSPITAL CARE.

(a) In this section, "work group" means the work group on uncompensated hospital care.

the work group to serve as presiding officer. The members of the
work group shall elect any other necessary officers.

commissioner in:

required to be submitted to the state that address uncompensated
hospital care, care for low-income uninsured persons in this state,
or both;

(2) standardizing the definitions used to determine
uncompensated hospital care for purposes of those reports;

(3) improving the tracking of hospital charges, costs,
and adjustments as those charges, costs, and adjustments relate to
identifying uncompensated hospital care and maintaining a hospital's tax-exempt status;

(4) developing and applying a standard set of adjustments to a hospital's initial computation of the cost of uncompensated hospital care that account for all funding streams that:

(A) are not patient-specific; and

(B) are used to offset the hospital's initially computed amount of uncompensated care;

(5) developing a standard and comprehensive center for data analysis and reporting with respect to uncompensated hospital care; and

(6) analyzing the effect of the standardization of the definition of uncompensated hospital care and the computation of its cost, as determined in accordance with the rules adopted by the executive commissioner, on the laws of this state, and analyzing potential legislation to incorporate the changes made by the standardization.

(b) The executive commissioner of the Health and Human Services Commission shall:

(A) are not patient-specific; and

(B) are used to offset the hospital's initially computed amount of uncompensated care;

(5) develop a standard and comprehensive center for data analysis and reporting with respect to uncompensated hospital care; and

(6) analyze the effect of the standardization of the definition of uncompensated hospital care and the computation of its cost, as determined in accordance with the rules adopted by the executive commissioner, on the laws of this state, and analyze potential legislation to incorporate the changes made by the standardization.

(b) The executive commissioner of the Health and Human Services Commission shall:

(1) establish the work group on uncompensated hospital care required by Section 531.552, Government Code, as added by this section, not later than October 1, 2007; and

SECTION 7. (a) Subchapter A, Chapter 533, Government Code, is amended by adding Section 533.019 to read as follows:

SECTION 9. Section 32.0422, Human Resources Code, is amended to read as follows:

Sec. 32.0422. HEALTH INSURANCE PREMIUM PAYMENT REIMBURSEMENT PROGRAM FOR MEDICAL ASSISTANCE RECIPIENTS. (a) In this section:

(2) "Executive commissioner" means the executive commissioner of the Health and Human Services Commission.

(3) "Group health benefit plan" means a plan described by Section 1207.001, Insurance Code.

(b) The commission [department] shall identify individuals,
otherwise entitled to medical assistance, who are eligible to enroll in a group health benefit plan. The commission [department] must include individuals eligible for or receiving health care services under a Medicaid managed care delivery system.

(b-l) To assist the commission in identifying individuals described by Subsection (b):

(1) the commission shall include on an application for medical assistance and on a form for recertification of a recipient's eligibility for medical assistance:

(A) an inquiry regarding whether the applicant or recipient, as applicable, is eligible to enroll in a group health benefit plan; and

(c) The commission [department] shall require an individual requesting medical assistance or a recipient, during the recipient's eligibility recertification review, to provide information as necessary relating to any [the availability of a] group health benefit plan that is available to the individual or recipient through an employer of the individual or recipient or an
(d) For an individual identified under Subsection (b), the commission shall determine whether it is cost-effective to enroll the individual in the group health benefit plan under this section.

(e) If the commission determines that it is cost-effective to enroll the individual in the group health benefit plan, the commission shall:

(1) require the individual to apply to enroll in the group health benefit plan as a condition for eligibility under the medical assistance program; and

(2) provide written notice to the issuer of the group health benefit plan in accordance with Chapter 1207, Insurance Code.

(e-1) This subsection applies only to an individual who is identified under Subsection (b) as being eligible to enroll in a group health benefit plan offered by the individual's employer. If the commission determines under Subsection (d) that enrolling the individual in the group health benefit plan is not cost-effective, but the individual prefers to enroll in that plan instead of receiving benefits and services under the medical assistance program, the commission, if authorized by a waiver obtained under federal law, shall:

(1) allow the individual to voluntarily opt out of receiving services through the medical assistance program and
enroll in the group health benefit plan;

(2) consider that individual to be a recipient of medical assistance; and

(3) provide written notice to the issuer of the group health benefit plan in accordance with Chapter 1207, Insurance Code.

(f) Except as provided by Subsection (f-1), the commission [The department] shall provide for payment of:

(f-1) For an individual described by Subsection (e-1) who enrolls in a group health benefit plan, the commission shall provide for payment of the employee's share of the required premiums, except that if the employee's share of the required premiums exceeds the total estimated Medicaid costs for the individual, as determined by the executive commissioner, the individual shall pay the difference between the required premiums and those estimated costs. The individual shall also pay all deductibles, copayments, coinsurance, and other cost-sharing obligations imposed on the individual under the group health benefit plan.

(g) A payment made by the commission [department] under
Subsection (f) or (f-1) is considered to be a payment for medical assistance.

(h) A payment of a premium for an individual who is a member of the family of an individual enrolled in a group health benefit plan under Subsection (e) and who is not eligible for medical assistance is considered to be a payment for medical assistance for an eligible individual if:

(1) enrollment of the family members who are eligible for medical assistance is not possible under the plan without also enrolling members who are not eligible; and

(2) the commission determines it to be cost-effective.

(i) A payment of any deductible, copayment, coinsurance, or other cost-sharing obligation of a family member who is enrolled in a group health benefit plan in accordance with Subsection (h) and who is not eligible for medical assistance:

(1) may not be paid under this chapter; and

(2) is not considered to be a payment for medical assistance for an eligible individual.

(i-1) The commission shall make every effort to expedite payments made under this section, including by ensuring that those payments are made through electronic transfers of money to the recipient's account at a financial institution, if possible. In lieu of reimbursing the individual enrolled in the group health benefit plan for required premium or cost-sharing payments made by the individual, the commission may, if feasible:

(1) make payments under this section for required
(2) make payments under this section for required premiums and cost-sharing obligations directly to the group health benefit plan issuer.

(j) The commission [department] shall treat coverage under the group health benefit plan as a third party liability to the program. Subject to Subsection (j-1), enrollment [Enrollment] of an individual in a group health benefit plan under this section does not affect the individual's eligibility for medical assistance benefits, except that the state is entitled to payment under Sections 32.033 and 32.038.

(j-1) An individual described by Subsection (e-1) who enrolls in a group health benefit plan is not ineligible for community-based services provided under a Section 1915(c) waiver program or another federal waiver program solely based on the individual's enrollment in the group health benefit plan, and the individual may receive those services if the individual is otherwise eligible for the program. The individual is otherwise limited to the health benefits coverage provided under the health benefit plan in which the individual is enrolled, and the individual may not receive any benefits or services under the medical assistance program other than the premium payment as provided by Subsection (f-1) and, if applicable, waiver program services described by this subsection.

(k) The commission [department] may not require or permit an individual who is enrolled in a group health benefit plan under this...
section to participate in the Medicaid managed care program under Chapter 533, Government Code, or a Medicaid managed care demonstration project under Section 32.041.

(1) The commission, in consultation with the Texas Department of Insurance, shall provide training to agents who hold a general life, accident, and health license under Chapter 4054, Insurance Code, regarding the health insurance premium payment reimbursement program and the eligibility requirements for participation in the program. Participation in a training program established under this subsection is voluntary, and a general life, accident, and health agent who successfully completes the training is entitled to receive continuing education credit under Subchapter B, Chapter 4004, Insurance Code, in accordance with rules adopted by the commissioner of insurance.

(m) The commission may pay a referral fee, in an amount determined by the commission, to each general life, accident, and health agent who, after completion of the training program established under Subsection (l), successfully refers an eligible individual to the commission for enrollment in a group health benefit plan under this section. Texas Department of Human Services shall provide information and otherwise cooperate with the department as necessary to ensure the enrollment of eligible individuals in the group health benefit plan under this section.

(n) The commission shall develop procedures by which an individual described by Subsection (e-1) who enrolls in a group health benefit plan may, at the individual's option, resume receiving benefits and services under the medical assistance
program instead of the group health benefit plan.

(o) The commission shall develop procedures which ensure
that, prior to allowing an individual described by Subsection (e-1)
to enroll in a group health benefit plan or allowing the parent or
caretaker of an individual described by Subsection (e-1) under the
age of 21 to enroll that child in a group health benefit plan:

(1) the individual must receive counseling informing
them that for the period in which the individual is enrolled in the
group health benefit plan:

(A) the individual shall be limited to the health
benefits coverage provided under the health benefit plan in which
the individual is enrolled;

(B) the individual may not receive any benefits
or services under the medical assistance program other than the
premium payment as provided by Subsection (f-1);

(C) the individual shall pay the difference
between the required premiums and the premium payment as provided
by Subsection (f-1) and shall also pay all deductibles, copayments,
coinsurance, and other cost-sharing obligations imposed on the
individual under the group health benefit plan; and

(D) the individual may, at the individual's
option, resume receiving benefits and services under the medical
assistance program instead of the group health benefit plan; and

(2) the individual must sign and the commission shall
retain a copy of a waiver indicating the individual has provided
informed consent.

(p) The executive commissioner [department] shall adopt
rules as necessary to implement this section.

SECTION 10. Subchapter B, Chapter 32, Human Resources Code, is amended by adding Section 32.0641 to read as follows:

Sec. 32.0641. COST SHARING FOR CERTAIN HIGH-COST MEDICAL SERVICES. If the department determines that it is feasible and cost-effective, and to the extent permitted under Title XIX, Social Security Act (42 U.S.C. Section 1396 et seq.) and any other applicable law or regulation or under a federal waiver or other authorization, the executive commissioner of the Health and Human Services Commission shall adopt cost-sharing provisions that require a recipient who chooses a high-cost medical service provided through a hospital emergency room to pay a copayment, premium payment, or other cost-sharing payment for the high-cost medical service if:

(1) the hospital from which the recipient seeks service:

(A) performs an appropriate medical screening and determines that the recipient does not have a condition requiring emergency medical services;

(B) informs the recipient:

(i) that the recipient does not have a condition requiring emergency medical services;

(ii) that, if the hospital provides the nonemergency service, the hospital may require payment of a copayment, premium payment, or other cost-sharing payment by the recipient in advance; and

(iii) of the name and address of a
nonemergency Medicaid provider who can provide the appropriate medical service without imposing a cost-sharing payment; and
  (C) offers to provide the recipient with a referral to the nonemergency provider to facilitate scheduling of the service; and
  (2) after receiving the information and assistance described by Subdivision (1) from the hospital, the recipient chooses to obtain emergency medical services despite having access to medically acceptable, lower-cost medical services.
