relating to physical activity requirements and physical fitness
assessment for certain public school students.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Sections 28.002(1) and (1-1), Education Code,
are amended to read as follows:

minutes as part of a school district's physical education
curriculum [or through structured activity during a school campus's
daily recess, except that the board may not require more than 30

subsection, the board must ensure by rule that students enrolled in
middle and junior high school settings are allowed to meet the
physical activity requirement by participating in physical
activity twice each week throughout the school year or the option to
schedule at least two semesters overall. A school district [If the
board adopts rules under this subsection, the board] must provide
for an exemption for:

(1) any student who is unable to participate in the
required [daily] physical activity because of illness or
disability; and

(2) a middle school or junior high school student who
participates in an extracurricular activity with a moderate or
vigorous physical activity component that is considered a
structured activity under rules adopted by the commissioner [State
Board of Education].

(l-l) In adopting rules relating to an activity described by
Subsection (1)(2), the commissioner [State Board of Education] may
permit an exemption for a student who participates in a
school-related activity or an activity sponsored by a private
league or club only if the student provides proof of participation
in the activity.

SECTION 2. Section 28.004(k), Education Code, is amended to
read as follows:

(k) A school district shall publish in the student handbook
and post on the district's Internet website, if the district has an
Internet website:
