

**LEGISLATIVE BUDGET BOARD**  
**Austin, Texas**

**FISCAL NOTE, 80TH LEGISLATIVE REGULAR SESSION**

**February 26, 2007**

**TO:** Honorable Aaron Pena, Chair, House Committee on Criminal Jurisprudence

**FROM:** John S. O'Brien, Director, Legislative Budget Board

**IN RE: HB126** by Delisi (Relating to the offense of engaging in organized criminal activity.), **As Introduced**

**The probable impact of implementing the bill cannot be determined due to the unavailability of reliable data or information related to the circumstances involved in the offense of tampering with a governmental record.**

The bill would amend the Penal Code by adding tampering with a governmental record as one of the offenses for which a person can commit the offense of engaging in organized criminal activity. The offense of tampering with a governmental record currently is punishable as a Class A misdemeanor, a state jail felony, a felony of the third degree, or a felony of the second degree, depending on the type of record involved in the offense and the intent to defraud or harm another.

The engaging in organized criminal activity provision of the Penal Code allows for the enhancement of the penalty for included offenses. By including the offense of tampering with a governmental record in the engaging in organized criminal activity provision, the bill would allow for the possibility of increasing the punishment to the next level. Increasing the penalty for any criminal offense is expected to result in increased demands upon the correctional resources of counties or of the State due to longer terms of probation, or, longer terms of confinement in county jails or prison. When an offense is changed from a misdemeanor to a felony, there is a transfer of the burden of confinement of convicted offenders from the counties to the State. In fiscal year 2006, 105 admissions to the institutional division, 107 admissions to state jail, and 1,167 additions to felony community supervision, were convicted of the offense of tampering with governmental records. Assuming the same number of offenders in future years, the additional impact to criminal justice populations from the bill would vary greatly depending on the assumption regarding the number of times the enhancement provision would be applied. A check of TDCJ records, Department of Public Safety records, Office of Court Administration records, and Jail Standards Commission records did not reveal any information that would help in an accurate assumption regarding the use of the enhancement assumption; therefore, the probable impact of implementing the bill cannot be determined.

**Local Government Impact**

No significant fiscal implication to units of local government is anticipated.
