

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 80TH LEGISLATIVE REGULAR SESSION
Revision 1

March 22, 2007

TO: Honorable Wayne Smith, Chair, House Committee on County Affairs

FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: HB673 by Oliveira (Relating to seawalls and street lights as authorized projects in a public improvement district.), **As Introduced**

No fiscal implication to the State is anticipated.

The bill would amend the Local Government Code by adding erecting street lights and constructing or improving a seawall to the list of items that could be included as a public improvement project. The bill would also authorize a municipality or county to locate a seawall-related public improvement project on private property if the governing body finds that the project serves a public purpose of that municipality or county.

Local Government Impact

Costs of improvement projects are paid through assessments imposed within the public improvement district, therefore, payment of costs for a street light improvement or a seawall project would be made using funds collected through assessments.
