

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 80TH LEGISLATIVE REGULAR SESSION

May 24, 2007

TO: Honorable Tom Craddick, Speaker of the House, House of Representatives

FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: HB3443 by Howard, Donna (Relating to the Texas hospital-based nursing education partnership grant program.), **As Passed 2nd House**

Estimated Two-year Net Impact to General Revenue Related Funds for HB3443, As Passed 2nd House: a negative impact of (\$7,430,000) through the biennium ending August 31, 2009.

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

General Revenue-Related Funds, Five-Year Impact:

Fiscal Year	Probable Net Positive/(Negative) Impact to General Revenue Related Funds
2008	(\$3,715,000)
2009	(\$3,715,000)
2010	(\$3,850,000)
2011	(\$6,350,000)
2012	(\$7,004,810)

All Funds, Five-Year Impact:

Fiscal Year	Probable Savings/(Cost) from GENERAL REVENUE FUND 1
2008	(\$3,715,000)
2009	(\$3,715,000)
2010	(\$3,850,000)
2011	(\$6,350,000)
2012	(\$7,004,810)

Fiscal Analysis

The bill would establish a hospital-based nursing education partnership grant program. Under provisions of the bill, the Higher Education Coordinating Board would make grants to hospital-based nursing education partnerships to assist those partnerships in meeting the state's needs for registered nurses.

The partnerships would be required to meet Higher Education Coordinating Board and Board of Nursing Examiners standards. A grant under the program could only be spent on costs related to the development or operation of a hospital based nursing education partnership that; 1) prepares a student to earn an associate or bachelor of science degree in nursing and to achieve initial licensure as a registered nurse, 2) prepares a student to earn a master of science degree in nursing with a concentration in education or 3) provides a articulation program providing for advancement from an

associate degree to a bachelor of science degree in nursing or to a master of science degree in nursing with a concentration in education.

The Coordinating Board would be required to submit a report to the governor, lieutenant governor, and speaker of the house of representatives which details the partnerships created under the bill.

The bill also provides that up to 3 percent of the money appropriated for the bill may be used to pay administrative costs associated with the program.

Methodology

Based on previous nursing education grant competitions, the Higher Education Coordinating Board estimates appropriate grant program funding levels based on the following assumptions:

The Board would conduct two grant competitions, beginning in fiscal year 2008. One would be a competition for large, three-year grants, each averaging \$500,000 per year, for the period of fiscal year 2008, 2009, and 2010. The Coordinating Board would expect to receive nine proposals in the competition and award five grants. The competition would be repeated for the grant period for fiscal year 2011-2013. The Higher Education Coordinating Board estimates that, in this second round of grant competition, 10 proposals would receive grant awards, each averaging \$500,000 per year, for that three-year period.

The second competition to be held in fiscal year 2008 would be for smaller, two-year grants, each averaging \$135,000 per year, for 2008 and 2009. The Coordinating Board would receive 18 proposals in the competition and award nine grants. The competition would be repeated for fiscal year 2010-11 and fiscal year 2012-13. They estimate that 10 proposals would receive grant awards, each averaging \$135,000 per year, for the second round of two-year grants to be awarded in fiscal year 2010. In fiscal year 2012, 15 proposals would receive grants, each averaging \$135,000 per year, for the third round of two-year grants to be awarded.

Based on these assumptions, the Coordinating Board estimates that grant funding needed for the five-year period is as follows: \$3.7 million in both fiscal year 2008 and fiscal year 2009; \$3.8 million in fiscal year 2010; \$6.3 million in fiscal year 2011; and \$7 million in fiscal year 2012.

Since the bill provides that administrative costs (up to 3 percent) associated with administering the program can be covered by the appropriation for the program, it assumed any costs for the Higher Education Coordinating Board and Board of Nursing Examiners would be covered by the grant funding.

Local Government Impact

No fiscal implication to units of local government is anticipated.
