

**LEGISLATIVE BUDGET BOARD**  
**Austin, Texas**

**FISCAL NOTE, 80TH LEGISLATIVE REGULAR SESSION**

**March 12, 2007**

**TO:** Honorable John Carona, Chair, Senate Committee on Transportation & Homeland Security

**FROM:** John S. O'Brien, Director, Legislative Budget Board

**IN RE: SB995** by Nelson (Relating to the publication of certain information regarding proposed toll projects.), **As Introduced**

<p><b>No significant fiscal implication to the State is anticipated.</b></p>
--

The bill would amend the Transportation Code to require a toll project entity to publish in a local newspaper certain information regarding project financing, whether the project will continue to be tolled after the debt has been repaid, and a description of the toll rate-setting methodology. The bill would specify that a toll entity could not enter into a contract for the construction of a toll project before the 30th day after the date the information is first published and until after the toll project entity conducts a public hearing regarding the published information.

Based on the analysis of the Texas Department of Transportation, it is assumed that any costs or duties associated with implementing the provisions of the bill could be absorbed within existing resources.

The bill would take effect on September 1, 2007

**Local Government Impact**

No significant fiscal implication to units of local government is anticipated.
