

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 80TH LEGISLATIVE REGULAR SESSION

May 1, 2007

TO: Honorable Dianne White Delisi, Chair, House Committee on Public Health

FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: SB1033 by Uresti (Relating to emergency medical services.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would amend the Health and Safety Code to remove the exemption from applicability of Chapter 773 to the use of emergency medical services providers for transporting patients who are under a physician's care between medical facilities or between a medical facility and a private residence using a stretcher.

The bill would amend the Health and Safety Code to prohibit a person/entity who does not hold an emergency medical services provider license issued by the Texas Health and Human Services Commission (HHSC) from transporting a patient by stretcher in a vehicle. HHSC would be required by November 1, 2007 to adopt rules necessary to implement the changes in law proposed by the bill.

The bill would take effect September 1, 2007.

HHSC reports that implementing the provisions of the bill could be achieved using existing resources.

Local Government Impact

A local governmental entity that employs emergency medical services providers for transporting patients by stretcher would have to ensure that applicable staff are licensed. No significant fiscal implication to units of local government is anticipated.
