

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 80TH LEGISLATIVE REGULAR SESSION
Revision 1

April 27, 2007

TO: Honorable Florence Shapiro, Chair, Senate Committee on Education

FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: SB1138 by Duncan (Relating to risk management programs for members of student organizations at public and private postsecondary educational institutions and to certain insurance requirements for fraternities.), **Committee Report 1st House, Substituted**

No significant fiscal implication to the State is anticipated.

The bill would require postsecondary educational institutions, excluding health-related institutions and institutions that only offer upper-division, graduate level, or professional courses, to offer a risk management program to members of student organizations registered at the institution at least once during each academic year. Unless the institution requires each student organization registered at the institution to have representatives of the organization attend the program, the institution shall adopt a policy that specifies one or more student organizations or types of student organizations that are required to have representatives attend. The program must address possession and use of alcoholic beverages and illegal drugs, hazing, sexual abuse and harassment, fire and other safety issues, travel to a destination outside the area in which the institution is located, behavior at parties and other events held by the student organization, and adoption by a student organization of a risk management policy. The institution would be required to provide notice of the program to student organizations and the institution can impose reasonable sanctions on students who fail to attend the program. The bill will take effect September 1, 2007 with changes to the fall 2008 semester. Higher education institutions would implement provisions of this bill within current resources.

Local Government Impact

No fiscal implication to units of local government is anticipated.
