FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: SB1896 by Lucio (Relating to the distribution and redistribution of certain drugs.), **As Passed 2nd House**

No significant fiscal implication to the State is anticipated.

The bill would amend the Occupations Code to add a pharmacist who practices in or serves as a consultant for a licensed health care professional responsible for administration of drugs in a penal institution as a pharmacist who may return to a pharmacy certain unused drugs. The bill would amend the definition of a charitable medical clinic to include a licensed pharmacy that is a community pharmaceutical access program provider.

The bill would take effect immediately if it receives a vote of two-thirds of all members elected to each house, otherwise the bill would take effect September 1, 2007.
