23 combination of those remedies; and

24 (4) state that the person who is constructing,
25 maintains, controls, owns, or possesses the structure,
26 improvement, obstruction, barrier, or hazard may submit, not later
27 than the 30th day after the date on which the notice is served,

1 written request for a hearing.

2 (d) A person is considered to be the person who owns,
3 maintains, controls, or possesses an improvement, obstruction,
4 barrier, or other encroachment on the public beach for purposes of
5 this section if the person is the person who most recently owned,
6 maintained, controlled, or possessed the improvement, obstruction,
7 barrier, or other encroachment on the public beach.

8 (e) The notice required by Subsection (b) must be given:

9 (1) by service in person, by registered or certified
10 mail, return receipt requested, or by priority mail; or

11 (2) if personal service cannot be obtained or the
12 address of the person responsible is unknown, by posting a copy of
13 the notice on the structure, improvement, obstruction, barrier, or
14 hazard and by publishing notice in a newspaper with general
15 circulation in the county in which the structure, improvement,
16 obstruction, barrier, or hazard is located at least two times
17 within 10 consecutive days.

18 (f) The commissioner by rule may adopt procedures for a
19 hearing under this section.

20 (g) The commissioner must grant a hearing before an
21 administrative law judge employed by the State Office of
22 Administrative Hearings if a hearing is requested. A person who
23 does not request a hearing within 30 days after the date on which
24 the notice is served waives all rights to judicial review of the
25 commissioner's findings or orders and shall immediately remove the
26 structure, improvement, obstruction, barrier, or hazard and pay any
27 penalty assessed. If a hearing is held, the commissioner may issue

1 a final order approving the proposal for decision submitted by the
2 administrative law judge concerning a determination regarding
3 whether a structure is not insurable property for purposes of
4 Section 2210.004, Insurance Code, because of the factors listed in
5 Subsection (h) of that section or concerning removal of the
6 structure, improvement, obstruction, barrier, or hazard and
7 payment of a penalty. The commissioner may change a finding of fact
8 or conclusion of law made by the administrative law judge or may
9 vacate or modify an order issued by the administrative judge in
10 accordance with Section 2001.058, Government Code.

11 (h) A person may seek judicial review of a final order of the
12 commissioner under this section in a Travis County district court
13 under the substantial evidence rule as provided by Subchapter G,
14 Chapter 2001, Government Code. The trial courts of this state shall
15 give preference to an appeal of a final order of the commissioner
16 under this section in the same manner as provided by Section
17 23.101(a), Government Code, for an appeal of a final order of the
18 commissioner under Section 51.3021 of this code.

19 (i) If the person who is constructing, maintains, controls,
20 owns, or possesses the structure, improvement, obstruction,
21 barrier, or hazard does not pay assessed penalties, removal costs,
22 and other assessed fees and expenses on or before the 30th day after
23 the date of entry of a final order assessing the penalties, costs,
24 and expenses, the commissioner may:

25 (1) sell salvageable parts of the structure,
26 improvement, obstruction, barrier, or hazard to offset those costs;

27 (2) request that the attorney general institute civil

1 proceedings to collect the penalties, costs of removal, and other
2 fees and expenses remaining unpaid; or

3 (3) use any combination of the remedies prescribed by
4 this subsection, or other remedies authorized by law, to collect
5 the unpaid penalties, costs of removal, and other fees and expenses
6 assessed because of the structure, improvement, obstruction,
7 barrier, or hazard on the public beach and its removal by the
8 commissioner.

9 (j) Penalties or costs collected under this section shall be
10 deposited in the coastal erosion response account as established
11 under Section 33.604.

12 (k) Notwithstanding any other provision of this subchapter,
13 if a structure that is the subject of an order for removal under
14 Section 61.0183 or an administrative penalty under Section 61.0181
15 has been used as a permanent, temporary, or occasional residential
16 dwelling by at least one person at any time during the year before
17 the date on which the order is issued or the penalty is assessed:

18 (1) the notice required by Subsection (c) must state
19 that the person who is constructing, maintains, controls, owns, or
20 possesses the structure may submit, not later than the 90th day
21 after the date on which the notice is served, written request for a
22 hearing;

23 (2) if the person does not request a hearing within 90
24 days after the date on which the notice is served, the person waives
25 all rights to judicial review of the commissioner's findings or
26 orders and shall immediately remove the structure and pay any
27 penalty assessed; and

1 (3) the amount of the administrative penalty assessed
2 may not exceed \$1,000 for each day the violation occurs or
3 continues.

4 SECTION 14. Sections 61.020 and 61.025, Natural Resources
5 Code, are amended to read as follows:

6 Sec. 61.020. PRIMA FACIE EVIDENCE. (a) In a suit or
7 administrative proceeding brought or defended under this
8 subchapter or whose determination is affected by this subchapter, a
9 showing that the area in question is located in the area from mean
10 low tide to the line of vegetation is prima facie evidence that:

11 (1) the title of the littoral owner does not include
12 the right to prevent the public from using the area for ingress and
13 egress to the sea; and

14 (2) there is imposed on the area a common law right or
15 easement in favor of the public for ingress and egress to the sea.

16 (b) The determination of the location of the line of
17 vegetation by the commissioner as provided by Sections 61.016 and
18 61.017 constitutes prima facie evidence of the landward boundary of
19 the area subject to the public easement until a court adjudication
20 establishes the line in another place.

21 Sec. 61.025. DISCLOSURE TO PURCHASER OF PROPERTY. (a) A
22 person who sells or conveys an interest, other than a mineral,
23 leasehold, or security interest, in real property located seaward
24 of the Gulf Intracoastal Waterway to its southernmost point and
25 then seaward of the longitudinal line also known as 97 degrees, 12',
26 19" which runs southerly to the international boundary from the
27 intersection of the centerline of the Gulf Intracoastal Waterway

1 and the Brownsville Ship Channel must include in any executory
2 contract for conveyance a [~~the following~~] statement in
3 substantially the following form:

4 CONCERNING THE PROPERTY AT _____

5 DISCLOSURE NOTICE CONCERNING LEGAL AND ECONOMIC RISKS

6 OF PURCHASING COASTAL REAL PROPERTY NEAR A BEACH

7 WARNING: THE FOLLOWING NOTICE OF POTENTIAL RISKS OF ECONOMIC
8 LOSS TO YOU AS THE PURCHASER OF COASTAL REAL PROPERTY IS REQUIRED BY
9 STATE LAW.

10 • READ THIS NOTICE CAREFULLY. DO NOT SIGN THIS CONTRACT
11 UNTIL YOU FULLY UNDERSTAND THE RISKS YOU ARE ASSUMING.

12 • BY PURCHASING THIS PROPERTY, YOU MAY BE ASSUMING
13 ECONOMIC RISKS OVER AND ABOVE THE RISKS INVOLVED IN PURCHASING
14 INLAND REAL PROPERTY.

15 • IF YOU OWN A STRUCTURE LOCATED ON COASTAL REAL PROPERTY
16 NEAR A GULF COAST BEACH, IT MAY COME TO BE LOCATED ON THE PUBLIC
17 BEACH BECAUSE OF COASTAL EROSION AND STORM EVENTS.

18 • AS THE OWNER OF A STRUCTURE LOCATED ON THE PUBLIC BEACH,
19 YOU COULD BE SUED BY THE STATE OF TEXAS AND ORDERED TO REMOVE THE
20 STRUCTURE.

21 • THE COSTS OF REMOVING A STRUCTURE FROM THE PUBLIC BEACH
22 AND ANY OTHER ECONOMIC LOSS INCURRED BECAUSE OF A REMOVAL ORDER
23 WOULD BE SOLELY YOUR RESPONSIBILITY.

24 The real property described in this contract is located
25 seaward of the Gulf Intracoastal Waterway to its southernmost point
26 and then seaward of the longitudinal line also known as 97 degrees,
27 12', 19" which runs southerly to the international boundary from

1 the intersection of the centerline of the Gulf Intracoastal
2 Waterway and the Brownsville Ship Channel. If the property is in
3 close proximity to a beach fronting the Gulf of Mexico, the
4 purchaser is hereby advised that the public has acquired a right of
5 use or easement to or over the area of any public beach by
6 prescription, dedication, or presumption, or has retained a right
7 by virtue of continuous right in the public since time immemorial,
8 as recognized in law and custom.

9 The extreme seaward boundary of natural vegetation that
10 spreads continuously inland customarily marks the landward
11 boundary of the public easement. If there is no clearly marked
12 natural vegetation line, the landward boundary of the easement is
13 as provided by Sections 61.016 and 61.017, Natural Resources Code.

14 Much of the Gulf of Mexico coastline is eroding at rates of
15 more than five feet per year. Erosion rates for all Texas Gulf
16 property subject to the open beaches act are available from the
17 Texas General Land Office.

18 State law prohibits any obstruction, barrier, restraint, or
19 interference with the use of the public easement, including the
20 placement of structures seaward of the landward boundary of the
21 easement. OWNERS OF STRUCTURES ERECTED SEAWARD OF THE VEGETATION
22 LINE (OR OTHER APPLICABLE EASEMENT BOUNDARY) OR THAT BECOME SEAWARD
23 OF THE VEGETATION LINE AS A RESULT OF [NATURAL] PROCESSES SUCH AS
24 SHORELINE EROSION ARE SUBJECT TO A LAWSUIT BY THE STATE OF TEXAS TO
25 REMOVE THE STRUCTURES.

26 The purchaser is hereby notified that the purchaser should:

27 (1) determine the rate of shoreline erosion in the

1 vicinity of the real property; and

2 (2) seek the advice of an attorney or other qualified
3 person before executing this contract or instrument of conveyance
4 as to the relevance of these statutes and facts to the value of the
5 property the purchaser is hereby purchasing or contracting to
6 purchase.

7 (b) If there is no executory contract for conveyance, the
8 statement must be delivered to, and receipt thereof acknowledged
9 by, the purchaser not later than 10 calendar days prior to closing
10 the transaction.

11 (c) Failure to comply with Subsection (a) or (b), as
12 applicable, [~~include the statement in an executory contract for~~
13 ~~conveyance~~] shall be grounds for the purchaser to terminate the
14 [~~such~~] contract or agreement to convey, and upon termination any
15 earnest money shall be returned to the party making the deposit.

16 (d) A seller commits [~~Failure to provide this statement~~
17 ~~prior to closing, either in the executory contract for conveyance~~
18 ~~or in a separate written statement, shall constitute~~] a deceptive
19 act under Section 17.46, Business & Commerce Code, if the seller
20 fails to comply with Subsection (a) or Subsection (b), as
21 applicable.

22 (e) This section, or the failure of a person to give or
23 receive the notice in the manner required by this section, does not
24 diminish or modify the beach access and use rights of the public
25 acquired through statute or under common law.

26 SECTION 15. Section 63.002, Natural Resources Code, is
27 amended by adding Subdivision (6) to read as follows:

1 (6) "Restoration" means the repair or replacement of
2 dunes or dune vegetation.

3 SECTION 16. Section 63.054(c), Natural Resources Code, is
4 amended to read as follows:

5 (c) Each county or municipality administering this chapter
6 shall establish procedures and requirements governing the review
7 and approval of dune permits, and these procedures and requirements
8 shall be submitted to the commissioner for certification to
9 determine whether the procedures and requirements are in compliance
10 with rules and policies adopted under Section 63.121. The
11 commissioner shall act on a county or municipality's proposed dune
12 protection plan not later than the 90th day after the date the plan
13 is submitted by approving the plan or denying certification. If
14 certification is denied, the commissioner shall return the proposed
15 plan to the originating local government with a statement of
16 specific objections and the reasons for denial, along with
17 suggested modifications. On receipt, the county or municipality
18 shall revise and resubmit the plan. The commissioner must certify a
19 county or municipality's procedures and requirements under this
20 section in accordance with rules adopted under Section 63.121
21 [~~comments~~].

22 SECTION 17. Section 63.056(a), Natural Resources Code, is
23 amended to read as follows:

24 (a) After receiving an application for a permit to perform
25 any of the acts prohibited in Section 63.091 in connection with
26 small-scale construction activity that includes 5,000 square feet
27 or less or habitable structures two stories in height or less [~~of~~

1 ~~this code~~], the commissioners court or the governing body of the
2 municipality shall notify the commissioner by sending, not less
3 than 10 working days before the date of the public hearing on the
4 application, notice of the hearing and a copy of the application.
5 After receiving an application for a permit to perform any of the
6 acts prohibited in Section 63.091 in connection with large-scale
7 construction activity that includes more than 5,000 square feet or
8 habitable structures more than two stories in height, the
9 commissioners court or the governing body of the municipality shall
10 notify the commissioner by sending, not less than 30 working days
11 before the date of the public hearing on the application, notice of
12 the hearing and a copy of the application.

13 SECTION 18. Section 63.121, Natural Resources Code, is
14 amended to read as follows:

15 Sec. 63.121. IDENTIFICATION OF CRITICAL DUNE AREAS;
16 RULES. (a) The commissioner, in his role as trustee of the public
17 land of this state, shall identify the critical dune areas within
18 1,000 feet of mean high tide that are essential to the protection of
19 state-owned land, public beaches, and submerged land.

20 (b) The commissioner shall promulgate rules for:
21 (1) the identification and protection of critical dune
22 areas; and
23 (2) the certification of procedures and requirements
24 governing the review and approval of dune permits by a county or
25 municipality.

26 SECTION 19. Section 63.181(b), Natural Resources Code, is
27 amended to read as follows:

1 (b) A person who violates this chapter or any rule, permit,
2 or order under this chapter is liable for a civil penalty of not
3 less than \$50 nor more than \$2,000 [~~\$1,000~~]. Each day that a
4 violation occurs or continues constitutes a separate offense. A
5 violation of Section 63.091 is considered to be a continuing
6 violation from the date of the initial unauthorized conduct until
7 the earlier of:

8 (1) the date on which a proper permit is issued
9 authorizing the conduct; or

10 (2) the date on which restoration of dunes or dune
11 vegetation damaged by the violation is completed.

12 SECTION 20. Subchapter G, Chapter 63, Natural Resources
13 Code, is amended by adding Sections 63.1811, 63.1812, 63.1813, and
14 63.1814 to read as follows:

15 Sec. 63.1811. ADMINISTRATIVE PENALTY. The commissioner may
16 assess an administrative penalty for a violation of Section 63.091
17 or any rule, permit, or order issued under this chapter in the
18 amount established by Section 63.181(b) for a civil penalty. In
19 determining the amount of the penalty, the commissioner shall
20 consider:

21 (1) the seriousness of the violation, including the
22 nature, circumstances, extent, and gravity of the violation and the
23 hazard or damage caused thereby;

24 (2) the degree of cooperation and quality of response;

25 (3) the degree of culpability and history of previous
26 violations by the person subject to the penalty;

27 (4) the amount necessary to deter future violations;

1 and

2 (5) any other matter that justice requires.

3 Sec. 63.1812. ENFORCEMENT PROVISIONS CUMULATIVE. This
4 subchapter is cumulative of all other applicable penalties,
5 remedies, and enforcement and liability provisions.

6 Sec. 63.1813. MITIGATION FOR DAMAGE, DESTRUCTION, OR
7 REMOVAL OF DUNE OR DUNE VEGETATION WITHOUT PERMIT. (a) The
8 commissioner may order restoration for the damage, destruction, or
9 removal of a sand dune or a portion of a sand dune or the killing,
10 destruction, or removal of any vegetation growing on a sand dune
11 seaward of the dune protection line or within a critical dune area
12 in violation of this chapter or any rule, permit, or order issued
13 under this chapter.

14 (b) The decision to require restoration under this section
15 is discretionary with the commissioner. This section does not
16 impose a duty on the state to order restoration.

17 (c) The commissioner may contract for the restoration
18 required under this section and may pay the costs of restoration
19 from money appropriated by the legislature.

20 Sec. 63.1814. NOTICE REQUIREMENTS; ORDERS AND HEARINGS.

21 (a) The commissioner shall assess an administrative penalty and
22 pursue restoration in accordance with this section.

23 (b) Before the commissioner may order restoration under
24 Section 63.1813 or assess an administrative penalty under Section
25 63.1811, the commissioner must give written notice to a person who
26 is taking or has taken actions that violate Section 63.091 or any
27 rule, permit, or order issued under this chapter. The notice must

1 state:

2 (1) the specific conduct that violates Section 63.091
3 or any rule, permit, or order issued under this chapter;

4 (2) that the person who is engaged in or has been
5 engaged in the conduct that violates Section 63.091 or any rule,
6 permit, or order issued under this chapter must perform restoration
7 for the damage caused by the violation not later than the 60th day
8 after the date on which the notice is served;

9 (3) that failure to perform restoration for the damage
10 caused by the violation in accordance with the commissioner's order
11 may result in liability for a civil penalty under Section 63.181(b)
12 in an amount specified, restoration contracted or undertaken by the
13 commissioner and liability for the costs of restoration, or any
14 combination of those remedies; and

15 (4) that the person who is engaging in or has engaged
16 in conduct that violates Section 63.091 or any rule, permit, or
17 order issued under this chapter may submit, not later than the 60th
18 day after the date on which the notice is served, a written request
19 for a hearing.

20 (c) A person is considered to be engaging in or to have
21 engaged in conduct that violates Section 63.091 or any rule,
22 permit, or order issued under this chapter for purposes of this
23 section if the person is the person who most recently owned,
24 maintained, controlled, or possessed the real property on which the
25 conduct occurred.

26 (d) The notice required by Subsection (b) must be given:

27 (1) by service in person, by registered or certified

1 mail, return receipt requested, or by priority mail; or

2 (2) if personal service cannot be obtained or the
3 address of the person responsible is unknown, by posting a copy of
4 the written notice at the site where the conduct was engaged in and
5 by publishing notice in a newspaper with general circulation in the
6 county in which the site is located at least two times within 10
7 consecutive days.

8 (e) The commissioner by rule may adopt procedures for a
9 hearing under this section.

10 (f) The commissioner must grant a hearing before an
11 administrative law judge employed by the State Office of
12 Administrative Hearings if a hearing is requested. A person who
13 does not request a hearing within 60 days after the date on which
14 the notice is served waives all rights to judicial review of the
15 commissioner's findings or orders and shall immediately initiate
16 mitigation and pay any penalty assessed. If a hearing is held, the
17 commissioner may issue a final order approving the proposal for
18 decision submitted by the administrative law judge concerning
19 mitigation and payment of a penalty. The commissioner may change a
20 finding of fact or conclusion of law made by the administrative law
21 judge, or may vacate or modify an order issued by the administrative
22 law judge in accordance with Section 2001.058, Government Code.

23 (g) A person may seek judicial review of a final order of the
24 commissioner under this section in a Travis County district court
25 under the substantial evidence rule as provided by Subchapter G,
26 Chapter 2001, Government Code. The trial courts of this state shall
27 give preference to an appeal of a final order of the commissioner

1 under this section in the same manner as provided by Section
2 23.101(a), Government Code, for an appeal of a final order of the
3 commissioner under Section 51.3021 of this code.

4 (h) If the person who is engaged in or has been engaged in
5 conduct that violated Section 63.091 or any rule, permit, or order
6 issued under this chapter does not pay assessed penalties,
7 mitigation costs, and other assessed fees and expenses on or before
8 the 60th day after the date of entry of a final order assessing the
9 penalties, costs, and expenses, the commissioner may:

10 (1) request that the attorney general institute civil
11 proceedings to collect the penalties, costs of restoration, and
12 other fees and expenses remaining unpaid; or

13 (2) use any combination of the remedies prescribed by
14 this section, or other remedies authorized by law, to collect the
15 unpaid penalties, costs of restoration, and other fees and expenses
16 assessed because of unauthorized conduct and its mitigation by the
17 commissioner.

18 (i) Penalties or costs collected under this section shall be
19 deposited in the coastal erosion response account established under
20 Section 33.604.

21 SECTION 21. Section 2210.004, Insurance Code, is amended by
22 amending Subsection (a) and adding Subsection (h) to read as
23 follows:

24 (a) Except as provided by Subsection (h), for [~~For~~] purposes
25 of this chapter and subject to this section, "insurable property"
26 means immovable property at a fixed location in a catastrophe area
27 or corporeal movable property located in that immovable property,

1 as designated in the plan of operation, that is determined by the
2 association according to the criteria specified in the plan of
3 operation to be in an insurable condition against windstorm and
4 hail or fire and explosion, as appropriate, as determined by normal
5 underwriting standards.

6 (h) For purposes of this chapter, a structure is not
7 insurable property if the commissioner of the General Land Office
8 notifies the association of a determination that the structure is
9 located on the public beach under procedures established under
10 Section 61.011, Natural Resources Code, and that the structure:

11 (1) constitutes an imminent hazard to safety, health,
12 or public welfare; or

13 (2) substantially interferes with the free and
14 unrestricted right of the public to enter or leave the public beach
15 or traverse any part of the public beach.

16 SECTION 22. Section 5.008(b), Property Code, is amended to
17 read as follows:

18 (b) The notice must be executed and must, at a minimum, read
19 substantially similar to the following:

Fiscal Analysis

The bill would authorize the use of the state sales tax on sporting goods and revenues from certain federal offshore oil and gas leases for the administration of the state Coastal Management Program administered by the General Land Office.

The bill would allocate 50 percent annually of the state sales tax on sporting goods collected in 18 coastal counties to the General Revenue-Dedicate Coastal Erosion Response Account established by Natural Resources Code. The bill would authorize the use of the state sales tax on sporting goods and revenues from certain federal offshore oil and gas leases for the administration of the state Coastal

Management Program administered by the General Land Office.

The bill would allocate 50 percent annually of the state sales tax on sporting goods collected in 18 coastal counties to the General Revenue-Dedicated Coastal Erosion Response account established by Natural Resources Code, Section 33.604. The use of these funds would be expanded to include the administration of the state Coastal Management Program. The bill also would provide that one-third of the revenue received by Texas under the provisions of Section 8(g) of the Federal Outer Continental Shelf Lands Act are to be deposited to the Coastal Erosion Response Account.

The bill would define coastal counties to include: Aransas, Brazoria, Calhoun, Cameron, Chambers, Galveston, Harris, Jackson, Jefferson, Kenedy, Kleberg, Matagorda, Nueces, Orange, Refugio, San Patricio, Victoria and Willacy Counties.

Methodology

The state sales tax collected on sporting goods and the Federal Outer Continental Shelf Lands Act funds are deposited to the General Revenue Fund under current law. According to the General Land Office, \$27.6 million per year is collected in sporting goods sales taxes in the coastal counties defined by the bill. This estimate assumes that \$13.8 million, or 50 percent, of that amount would transfer from the General Revenue Fund to the General Revenue-Dedicated Coastal Erosion Response Account upon passage of the bill.

The GLO also reports that the Outer Continental Shelf Lands Act funds will total \$12.1 million in fiscal years 2008, 2010, and 2012, and \$11.5 million in fiscal years 2009 and 2011. This estimate assumes that one-third of these amounts, or \$4,030,000 in fiscal years 2008, 2010, and 2012 and \$3,829,000 in fiscal years 2009 and 2011 would also transfer from the General Revenue Fund to the Coastal Erosion Response Account.

This estimate assumes that upon passage of the bill, appropriations to the General Land Office for the Coastal Management Program out of the General Revenue Fund of \$12.5 million per fiscal year and related benefits of an estimated \$577,377 per fiscal year (amounts based on action taken by the Conference Committee on House Bill 1) would instead be made out of the Coastal Erosion Response Account. This estimate assumes that the remaining \$4.6 million to \$4.8 million per fiscal year would remain in the General Revenue-Dedicated Coastal Erosion Response Account unappropriated.
