(1) On page 3, strike lines 13 and 14.

(2) On page 3, line 15, strike "(5)" and substitute "(4)".

(3) On page 3, line 17, strike "(6)" and substitute "(5)".

(4) Strike page 5, line 10, through page 6, line 11, and substitute the following:

(b) A building, structure, or other facility to which this section applies must be designed and constructed or renovated so that the building, structure, or other facility complies with high-performance building standards, approved by the board of regents of the institution, that provide minimum requirements for energy use, natural resources use, and indoor air quality. In approving high-performance building standards, a board of regents shall consider the standards approved by the Texas Facilities Commission under Section 2166.409, Government Code, and may solicit and consider recommendations from the advisory committee appointed under that section.

(c) In addition to meeting the requirements of Subsection (b), a building, structure, or other facility to which this section applies must be designed and constructed or renovated to comply with the applicable energy and water conservation design standards established by the State Energy Conservation Office under Section 447.004, Government Code.
