

Amend **CSSB 1** in Article XI by adding the appropriately numbered rider and renumbering accordingly.

Rider _____. Out of the funds appropriated above, not less than \$10 million, and not more than \$15 million, shall be appropriated for an economic development project that benefits a city or community that is located within a 10-mile radius of a major military hospital, military base or military installation. The economic development project must include the following:

(1) Construction of a facility for police, law enforcement, fire, and/or emergency responder personnel,

(2) Construction of a facility that can be used as a technology incubator that also compliments and/or helps maximize a previous grant made from the Texas Enterprise Fund or the Texas Emerging Technology Fund, and

(3) Some form of renewable energy in its design.
