(g) This section expires August 31, 2015.

(2) Add the following appropriately numbered SECTION to the bill and renumber subsequent SECTIONS of the bill accordingly:

SECTION _____. Effective September 1, 2015, Subchapter U, Chapter 51, Education Code, is amended by adding Section 51.8035 to read as follows:

Sec. 51.8035. AUTOMATIC ADMISSION: ALL INSTITUTIONS. (a) Each general academic teaching institution shall admit an applicant for admission to the institution as an undergraduate student if the applicant graduated with a grade point average in the top 10 percent of the student's high school graduating class in one of the two school years preceding the academic year for which the applicant is applying for admission and:

(1) the applicant graduated from a public or private high school in this state accredited by a generally recognized accrediting organization or from a high school operated by the United States Department of Defense;

(2) the applicant:

(A) successfully completed:

(i) at a public high school, the curriculum requirements established under Section 28.025 for the recommended or advanced high school program; or

(ii) at a high school to which Section 28.025 does not apply, a curriculum that is equivalent in content and rigor to the recommended or advanced high school program; or

(B) satisfied ACT's College Readiness Benchmarks on the ACT assessment applicable to the applicant or earned on the SAT assessment a score of at least 1,500 out of 2,400 or the equivalent; and

(3) if the applicant graduated from a high school operated by the United States Department of Defense, the applicant is a Texas resident under Section 54.052 or is entitled to pay tuition fees at the rate provided for Texas residents under Section

54.058(d) for the term or semester to which admitted.

(b) An applicant who does not satisfy the curriculum requirements prescribed by Subsection (a)(2)(A)(i) or (ii) is considered to have satisfied those requirements if the student completed the portion of the recommended or advanced curriculum or of the curriculum equivalent in content and rigor, as applicable, that was available to the student but was unable to complete the remainder of the curriculum solely because courses necessary to complete the remainder were unavailable to the student at the appropriate times in the student's high school career as a result of course scheduling, lack of enrollment capacity, or another cause not within the student's control.

(c) To qualify for admission under this section, an applicant must:

(1) submit an application before the expiration of any application filing deadline established by the institution; and

(2) provide a high school transcript or diploma that satisfies the requirements of Subsection (d).

(d) For purposes of Subsection (c)(2), a student's official transcript or diploma must, not later than the end of the student's junior year, indicate:

(1) whether the student has satisfied or is on schedule to satisfy the requirements of Subsection (a)(2)(A)(i) or (ii), as applicable; or

(2) if Subsection (b) applies to the student, whether the student has completed the portion of the recommended or advanced curriculum or of the curriculum equivalent in content and rigor, as applicable, that was available to the student.

(e) Each institution of higher education shall admit an applicant for admission to the institution as an undergraduate student if the applicant:

(1) is the child of a public servant listed in Section 615.003, Government Code, who was killed or sustained a fatal injury in the line of duty; and

(2) meets the minimum requirements, if any, established for purposes of this subsection by the governing board of the institution for high school or prior college-level grade

point average and performance on standardized tests.

(f) After admitting an applicant under this section, the institution shall review the applicant's record and any other factor the institution considers appropriate to determine whether the applicant may require additional preparation for college-level work or would benefit from inclusion in a retention program. The institution may require a student so identified to enroll during the summer immediately after the student is admitted under this section to participate in appropriate enrichment courses and orientation programs. This section does not prohibit a student who is not determined to need additional preparation for college-level work from enrolling, if the student chooses, during the summer immediately after the student is admitted under this section.

(g) A reference in law to former Section 51.803, Education Code, is a reference to this section unless the context clearly indicates otherwise.
