

## **BILL ANALYSIS**

S.B. 2456  
By: Hinojosa  
Natural Resources  
Committee Report (Unamended)

### **BACKGROUND AND PURPOSE**

S.B. 2456 seeks to create the Brush Country Groundwater Conservation District, encompassing Brooks, Jim Hogg, and Jim Wells counties in their entirety, and the northern portion of Hidalgo County. This legislation also provides for taxing authority.

As part of the statewide plan to consolidate water conservation and management plans through the formation of regional groundwater conservation districts (GCDs), these three whole counties and the constituencies in northern Hidalgo County agreed to form a GCD. This GCD is expected to formalize the region's water management plan and present a unified voice to the groundwater management area.

There are several competing interests coming together under the umbrella of this GCD, namely small municipalities, farmers, and ranchers, all of whom depend on the water resources in South Texas. These groups participated in the GCD legislation drafting process.

S.B. 2456 amends current law relating to the creation of the Brush Country Groundwater Conservation District; providing authority to impose a tax and issue bonds.

### **RULEMAKING AUTHORITY**

It is the Committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.
