AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

A water district is a local governmental entity that provides limited services, such as water storage, supply, and conservation, to its customers and residents. Comal County Water Control and Improvement District No. 6 (district) will encompass an area of land in the extraterritorial jurisdiction in the City of Bulverde, Comal County. It is necessary to create the district in order to purchase, acquire, or construct facilities for such services to serve the future occupants of the land utilizing tax exempt bonds. It is also necessary to empower the district with authority to impose a tax and issue bonds, granting the power of eminent domain.

As proposed, S.B. 2539 amends current law relating to the creation of the district, provides authority to impose a tax and issue bonds, and grants a limited power of eminent domain.
