AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

For the last two years, stakeholders and the Employees Retirement System of Texas (ERS) have been working towards a solution that would provide bariatric surgery for state employees, while not placing a burden that might result in a loss to the ERS trust fund or increase the cost of health insurance for state employees.

S.B. 2577 amends current law relating to bariatric surgery coverage for state employees.

(b) Authorizes the board of trustees to adopt rules as necessary to implement this section.
