5 (c) A health benefit plan issuer may use only age and gender

13 year for which claims are reported and reimbursement requested.

14 (b) If the total amount requested by health benefit plan
15 issuers participating in the program for reimbursement for a
16 calendar year exceeds the amount of funds available for
17 distribution for claims paid during that same calendar year, the
18 commissioner shall provide for the pro rata distribution of any
19 available funds. A health benefit plan issuer participating in the
20 program is eligible to receive a proportional amount of any
21 available funds that is equal to the proportion of total eligible
22 claims paid by all participating health benefit plan issuers that
23 the requesting health benefit plan issuer paid.

24 (c) If the amount of funds available for distribution for
25 claims paid by all health benefit plan issuers participating in the
26 program during a calendar year exceeds the total amount requested
27 for reimbursement by all participating health benefit plan issuers

1 during that calendar year, the commissioner shall carry forward any
2 excess funds and make those excess funds available for distribution
3 in the next calendar year. Excess funds carried over under this
4 section are added to the fund in addition to any other money
5 appropriated for the fund for the calendar year into which the funds
6 are carried forward.

7 Sec. 1508.255. PROGRAM REPORTING. (a) Each health benefit
8 plan issuer participating in the program shall provide the
9 department, in the form prescribed by the commissioner, monthly
10 reports of total enrollment under qualifying health benefit plans.

11 (b) On the request of the commissioner, each health benefit
12 plan issuer participating in the program shall furnish to the
13 department, in the form prescribed by the commissioner, data other
14 than data described by Subsection (a) that the commissioner
15 determines necessary to oversee the operation of the fund.

16 Sec. 1508.256. CLAIMS EXPERIENCE DATA. (a) Based on
17 available data and appropriate actuarial assumptions, the
18 commissioner shall separately estimate the per covered individual
19 annual cost of total claims reimbursement from the fund for
20 qualifying health benefit plans.

21 (b) On request, a health benefit plan issuer participating
22 in the program shall furnish to the department claims experience
23 data for use in the estimates described by Subsection (a).

24 Sec. 1508.257. TOTAL ELIGIBLE ENROLLMENT DETERMINATION.

25 (a) The commissioner shall determine total eligible enrollment
26 under qualifying health benefit plans by dividing the total funds
27 available for distribution from the fund by the estimated per

1 covered individual annual cost of total claims reimbursement from
2 the fund.

3 (b) At the end of the first year of enrollment and annually
4 thereafter, the commissioner shall submit a report to the governor
5 and the legislature regarding enrollment for the previous year and
6 limitations on future enrollment that ensure that the program does
7 not necessitate a substantial increase in funding to continue the
8 program, as consistent with Section 1508.001.

9 Sec. 1508.258. EVALUATION AND PROTECTION OF FUND; EMPLOYER
10 ENROLLMENT SUSPENSION. (a) The commissioner shall suspend the
11 enrollment of new employers in qualifying health benefit plans if
12 the commissioner determines that the total enrollment reported by
13 all health benefit plan issuers under qualifying health benefit
14 plans exceeds the total eligible enrollment determined under
15 Section 1508.257 and is likely to result in anticipated annual
16 expenditures from the fund in excess of the total funds available
17 for distribution from the fund.

18 (b) The commissioner shall provide a health benefit plan
19 issuer participating in the program with notification of any
20 enrollment suspension under Subsection (a) as soon as practicable
21 after:

22 (1) receipt of all enrollment data; and

23 (2) determination of the need to suspend enrollment.

24 (c) A suspension of issuance of qualifying health benefit
25 plans to employers under Subsection (a) does not preclude the
26 addition of new employees of an employer already covered under a
27 qualifying health benefit plan or new dependents of employees

1 already covered under a qualifying health benefit plan.

2 Sec. 1508.259. EMPLOYER ENROLLMENT REACTIVATION. If, at
3 any point during a suspension of enrollment under Section 1508.258,
4 the commissioner determines that funds are sufficient to provide
5 for the addition of new enrollments, the commissioner:

6 (1) may reactivate new enrollments; and

7 (2) shall notify all participating group health
8 benefit plan issuers that enrollment of new employers may be
9 resumed.

10 Sec. 1508.260. FUND ADMINISTRATOR. (a) The commissioner
11 may obtain the services of an independent organization to
12 administer the fund.

13 (b) The commissioner shall establish guidelines for the
14 submission of proposals by organizations for the purposes of
15 administering the fund and may approve, disapprove, or recommend
16 modification to the proposal of an applicant to administer the
17 fund.

18 (c) An organization approved to administer the fund shall
19 submit reports to the commissioner, in the form and at the times
20 required by the commissioner, as necessary to facilitate evaluation
21 and ensure orderly operation of the fund, including an annual
22 report of the affairs and operations of the fund. The annual report
23 must also be delivered to the governor, the lieutenant governor,
24 and the speaker of the house of representatives.

25 (d) An organization approved to administer the fund shall
26 maintain records in the form prescribed by the commissioner and
27 make those records available for inspection by or at the request of

1 the commissioner.

2 (e) The commissioner shall determine the amount of
3 compensation to be allocated to an approved organization as payment
4 for fund administration. Compensation is payable only from the
5 fund.

6 (f) The commissioner may remove an organization approved to
7 administer the fund from fund administration. An organization
8 removed from fund administration under this subsection must
9 cooperate in the orderly transition of services to another approved
10 organization or to the commissioner.

11 Sec. 1508.261. STOP-LOSS INSURANCE; REINSURANCE. (a) The
12 administrator of the fund, on behalf of and with the prior approval
13 of the commissioner, may purchase stop-loss insurance or
14 reinsurance from an insurance company licensed to write that
15 coverage in this state.

16 (b) Stop-loss insurance or reinsurance may be purchased to
17 the extent that the commissioner determines funds are available for
18 the purchase of that insurance.

19 Sec. 1508.262. PUBLIC EDUCATION AND OUTREACH. (a) The
20 commissioner may use an amount of the fund, not to exceed eight
21 percent of the annual amount of the fund, for purposes of developing
22 and implementing public education, outreach, and facilitated
23 enrollment strategies targeted to small employers who do not
24 provide health insurance.

25 (b) The commissioner shall solicit and accept
26 recommendations concerning the development and implementation of
27 education, outreach, and enrollment strategies under Subsection

1 (a) from agents licensed under Title 13 to write health benefit
2 plans in this state.

3 (c) The commissioner may contract with marketing
4 organizations to perform or provide assistance with education,
5 outreach, and enrollment strategies described by Subsection (a).

6 SECTION 2.02. The commissioner of insurance shall adopt any
7 rules necessary to implement the change in law made by Chapter 1508,
8 Insurance Code, as added by this article, not later than January 4,
9 2010.

10 SECTION 2.03. (a) The commissioner of insurance shall make
11 an initial determination concerning limitation of health benefit
12 plan issuer participation in the program established under Chapter
13 1508, Insurance Code, as added by this article, not later than
14 January 18, 2010. If the commissioner determines that limited
15 participation is necessary to achieve the purposes of Chapter 1508,
16 Insurance Code, as added by this article, the commissioner shall
17 issue a request for proposal from health benefit plan issuers to
18 participate in the program not later than May 1, 2010.

19 (b) The commissioner of insurance shall ensure that the
20 Healthy Texas Program is fully operational in a manner that allows
21 health benefit plan issuers participating in the program to make
22 the first annual request for reimbursement on January 1, 2011.

23 SECTION 2.04. This Act does not make an appropriation. This
24 Act takes effect only if a specific appropriation for the
25 implementation of the Act is provided in a general appropriations
26 act of the 81st Legislature.
