**Fiscal Analysis**

The bill would amend Chapter 42, Human Resources Code, by amending the section that requires child-care services fees authorized by the chapter to be deposited into General Revenue. The bill would create a General Revenue-Dedicated account (Early Child Care Development) for these fees, which would be appropriated only to the Department of Family and Protective Services for the purpose of supporting continuing education initiatives for providers of infant and toddler child care. The bill would also authorize the use of the account for reasonable administrative expenses under Chapter 42. The bill would take effect immediately if it received a two-thirds majority vote in each house. Otherwise, it would take effect September 1, 2009.

## **Methodology**

According to the Comptroller of Public Accounts' data files, there would be a \$1,825,000 loss in fee revenue allocated to General Revenue and a gain in the same amount to the new General Revenue-Dedicated account.

The Department of Family and Protective Services estimates that the total cost to implement the provisions of the bill would be \$233,695 in All Funds in fiscal year 2010 and \$225,197 for each fiscal year thereafter. Three full-time equivalents (FTEs) would be needed; FTE costs would total \$153,668 in All Funds per fiscal year for 2010-2014, including \$34,157 in associated employee benefits.

## **Local Government Impact**

No fiscal implication to units of local government is anticipated.
