

LEGISLATIVE BUDGET BOARD

Austin, Texas

FISCAL NOTE, 81ST LEGISLATIVE REGULAR SESSION

April 22, 2009

TO: Honorable Kip Averitt, Chair, Senate Committee on Natural Resources

FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: SB2313 by Averitt (Relating to the creation of the water plan projects fund to assist the Texas Water Development Board in the funding of certain projects identified in the state and regional water plans.), **Committee Report 1st House, Substituted**

No significant fiscal implication to the State is anticipated.

The bill would amend the Water Code to create the Water Plan Projects Fund consisting of fees dedicated by the Legislature. The Water Development Board (TWDB) would use the Water Plan Projects Fund to transfer funding to the Texas Water Development Fund II for debt service related to the funding of water projects related to: the Water Infrastructure Fund; the State Participation Account; and the Economically Distressed Areas Program. The bill would also authorize TWDB to transfer funding from the Water Plan Projects Fund to the Texas Water Development Fund II to meet obligations incurred under a bond enhancement agreement in connections with water projects related to: the Water Infrastructure Fund; the State Participation Account; and the Economically Distressed Areas Program.

Since the fees which would be deposited to the Water Plan Projects Fund are unknown, and TWDB indicates that any costs associated with the bill could be absorbed within the agency's existing resources, the bill is not anticipated to have a significant fiscal impact.

The bill would take effect immediately if it receives a vote of two-thirds of all members elected to each house; otherwise it would take effect September 1, 2009.

Local Government Impact

No fiscal implication to units of local government is anticipated.
