SECTION 1. Section 74.001, Agriculture Code, is amended to read as follows:

Sec. 74.001. PUBLIC NUISANCE. (a) The legislature finds that cotton pests are a menace to the cotton industry, and that control of those pests is a public necessity. Any portion of the state that is susceptible to infestation by cotton pests must be protected from this public nuisance and threat to the continued stability of the cotton industry.

(b) The legislature finds that volunteer and other noncommercial cotton is a public nuisance that threatens the cotton growers' boll weevil eradication program by serving as a host for cotton pests such as boll weevils and pink bollworms. To protect the cotton industry of this state, volunteer and other noncommercial cotton must be eliminated subject to the provisions of this chapter.

No equivalent provision.

SECTION 2. Subchapter A, Chapter 74, Agriculture Code, is amended by adding Sections 74.0031 and 74.0032 to read as follows:

recommendation would increase the cost of administering the boll weevil eradication program.

(b) The Texas Boll Weevil Eradication Foundation shall:

(1) conduct a study of the effects of incomplete cotton stalk destruction and volunteer cotton control on boll weevil eradication activities; and

(2) submit annual recommendations to the department and the board of the foundation for a cotton stalk destruction deadline for each pest management zone.

(d) The department shall set a cotton stalk destruction deadline for each pest management zone, with consideration given to the recommendations of the foundation and the applicable administrative committee submitted under Subsection (b).

Sec. 74.0032. HOSTABLE COTTON FEE. (a) The department shall establish and collect a hostable cotton fee for fields in which hostable cotton stalks, hostable volunteer cotton, or other hostable noncommercial cotton remains past the stalk destruction deadline set for the applicable pest management zone under Section 74.0031. A fee under this section shall be expressed in terms of dollars per acre, per week in which the stalks, volunteer cotton, or other noncommercial cotton remains in the field. (b) If adverse weather conditions or other good cause exists, the administrative committee that governs the applicable pest management zone may request that the department grant an extension of the cotton stalk destruction deadline for any specified part of the pest management zone or for the entire pest management zone. A request under this subsection must be made not later than 10 business days before the applicable cotton stalk destruction deadline. A field is not subject to a hostable cotton fee if the department grants an extension of the deadline. The Texas Boll Weevil Eradication Foundation shall submit to the department an estimate of the amount by which an extension under this subsection will increase the cost of administering the boll weevil eradication program.

(c) If the applicable administrative committee does not request an extension, or if the department denies a request for an extension of the cotton stalk destruction deadline for a specified part of a pest management zone, a cotton grower may apply for an individual extension of the deadline. A request under this subsection must be made not later than 10 business days before the applicable pest management zone's stalk destruction deadline.

(d) The Texas Boll Weevil Eradication Foundation shall submit to the department an estimate of the amount by which any extension of a stalk destruction deadline that is granted under Subsection (c) will increase the cost of

Any hostable cotton or hostable cotton stalks that remain in a field for more than 30 days after the stalk destruction deadline or any extension of the deadline are subject to 150 percent of the hostable cotton fee established under Subsection (a).
(f) A hostable cotton fee shall be sent to the comptroller and may be appropriated only for the purpose of treating hostable cotton or for other expenses related to boll weevil eradication. The department may contract with the Texas Boll Weevil Eradication Foundation or its successor entity for the treatment, control, or monitoring activities funded from the account.
