(d) The commission shall deposit money received from the sale of well-site equipment or hydrocarbons under this section to the credit of the oil and gas regulation and [~~oil-field~~] cleanup

fund. The commission shall separately account for money and credit received for each well.

SECTION 23.12. The heading to Section 89.086, Natural Resources Code, is amended to read as follows:

Sec. 89.086. CLAIMS AGAINST OIL AND GAS REGULATION AND [THE OIL-FIELD] CLEANUP FUND.

SECTION 23.13. Subsections (a) and (h) through (k), Section 89.086, Natural Resources Code, are amended to read as follows:

(a) A person with a legal or equitable ownership or security interest in well-site equipment or hydrocarbons disposed of under Section 89.085 [~~of this code~~] may make a claim against the oil and gas regulation and [oil-field] cleanup fund unless an element of the transaction giving rise to the interest occurs after the commission forecloses its statutory lien under Section 89.083.

(h) The commission shall suspend an amount of money in the oil and gas regulation and [oil-field] cleanup fund equal to the amount of the claim until the claim is finally resolved. If the provisions of Subsection (k) [~~of this section~~] prevent suspension of the full amount of the claim, the commission shall treat the claim as two consecutively filed claims, one in the amount of funds available for suspension and the other in the remaining amount of the claim.

(i) A claim made by or on behalf of the operator or a nonoperator of a well or a successor to the rights of the operator or nonoperator is subject to a ratable deduction from the proceeds or credit received for the well-site equipment to cover the costs incurred by the commission in removing the equipment or hydrocarbons from the well or in transporting, storing, or disposing of the equipment or hydrocarbons. A claim made by a person who is not an operator or nonoperator is subject to a ratable deduction for the costs incurred by the commission in removing the equipment from the well. If a claimant is a person who is responsible under law or commission rules for plugging the well or cleaning up pollution originating on the lease or if the claimant owes a penalty assessed by the commission or a court for a violation of a commission rule or order, the commission may recoup from or offset against a valid claim an expense incurred by the oil and gas

regulation and [oil-field] cleanup fund that is not otherwise reimbursed or any penalties owed. An amount recouped from, deducted from, or offset against a claim under this subsection shall be treated as an invalid portion of the claim and shall remain suspended in the oil and gas regulation and [oil-field] cleanup fund in the manner provided by Subsection (j) [~~of this section~~].

(j) If the commission finds that a claim is valid in whole or in part, the commission shall pay the valid portion of the claim from the suspended amount in the oil and gas regulation and [oil-field] cleanup fund not later than the 30th day after the date of the commission's decision. If the commission finds that a claim is invalid in whole or in part, the commission shall continue to suspend in the oil and gas regulation and [oil-field] cleanup fund an amount equal to the invalid portion of the claim until the period during which the commission's decision may be appealed has expired or, if appealed, during the period the case is under judicial review. If on appeal the district court finds the claim valid in whole or in part, the commission shall pay the valid portion of the claim from the suspended amount in the oil and gas regulation and [oil-field] cleanup fund not later than 30 days after the date the court's judgment becomes unappealable. On the date the commission's decision is not subject to judicial review, the commission shall release from the suspended amount in the oil and gas regulation and [oil-field] cleanup fund the amount of the claim held to be invalid.

(k) If the aggregate of claims paid and money suspended that relates to well-site equipment or hydrocarbons from a particular well equals the total of the actual proceeds and credit realized from the disposition of that equipment or those hydrocarbons, the oil and gas regulation and [oil-field] cleanup fund is not liable for any subsequently filed claims that relate to the same equipment or hydrocarbons unless and until the commission releases from the suspended amount money derived from the disposition of that equipment or those hydrocarbons. If the commission releases money, then the commission shall suspend money in the amount of subsequently filed claims in the order of filing.

SECTION 23.17. Subsection (a), Section 91.109, Natural Resources Code, is amended to read as follows:

(a) A person applying for or acting under a commission permit to store, handle, treat, reclaim, or dispose of oil and gas waste may be required by the commission to maintain a performance bond or other form of financial security conditioned that the permittee will operate and close the storage, handling, treatment, reclamation, or disposal site in accordance with state law, commission rules, and the permit to operate the site. However, this section does not authorize the commission to require a bond or other form of financial security for saltwater disposal pits, emergency saltwater storage pits (including blow-down pits), collecting pits, or skimming pits provided that such pits are used in conjunction with the operation of an individual oil or gas lease. (1) the responsible person has failed or refused to control or clean up the oil and gas wastes or other substances or materials after notice and opportunity for hearing;

(2) the responsible person is unknown, cannot be found, or has no assets with which to control or clean up the oil and gas wastes or other substances or materials; or

(3) the oil and gas wastes or other substances or materials are causing the pollution of surface or subsurface water.

The commission by order may require the person to reimburse the commission for those costs or may request the attorney general to file suit against the person to recover those costs. At the request of the commission, the attorney general may file suit to enforce an order issued by the commission under this subsection. A suit under this subsection may be filed in any court of competent jurisdiction in Travis County. (2) "Goods-in-transit" means tangible personal property that:

(A) is acquired in or imported into this state to be forwarded to another location in this state or outside this state;

(C) is transported to another location in this state or outside this state not later than 175 days after the date the person acquired the property in or imported the property into this state; and

(D) does not include oil, natural gas, petroleum products, aircraft, dealer's motor vehicle inventory, dealer's vessel and outboard motor inventory, dealer's heavy equipment inventory, or retail manufactured housing inventory.

(6) "Public warehouse operator" means a person that:

(A) is both a bailee and a warehouse; and

(B) stores under a contract of bailment, at one

or more public warehouse facilities, tangible personal property that is owned by other persons solely for the account of those persons and not for the operator's account.

SECTION 61.02. Section 11.253, Tax Code, is amended by amending Subsections (e) and (h) and adding Subsections (j-1) and (j-2) to read as follows:

(e) In determining the market value of goods-in-transit that in the preceding year were [~~assembled,~~] stored[~~, manufactured, processed, or fabricated~~] in this state, the chief appraiser shall exclude the cost of equipment, machinery, or materials that entered into and became component parts of the goods-in-transit but were not themselves goods-in-transit or that were not transported to another location in this state or outside this state before the expiration of 175 days after the date they were brought into this state by the property owner or acquired by the property owner in this state. For component parts held in bulk, the chief appraiser may use the average length of time a component part was held by the owner of the component parts during the preceding year at a location in this state that was not owned by or under the control of the owner of the component parts in determining whether the component parts were transported to another location in this state or outside this state before the expiration of 175 days.

(h) The chief appraiser by written notice delivered to a property owner who claims an exemption under this section may require the property owner to provide copies of property records so the chief appraiser can determine the amount and value of goods-in-transit and that the location in this state where the goods-in-transit were detained for storage [~~assembling, storing, manufacturing, processing, or fabricating purposes~~] was not owned by or under the control of the owner of the goods-in-transit. If the property owner fails to deliver the information requested in the notice before the 31st day after the date the notice is delivered to the property owner, the property owner forfeits the right to claim or receive the exemption for that year.

(j-1) Notwithstanding Subsection (j) or official action that was taken under that subsection before October 1, 2011, to tax goods-in-transit exempt under Subsection (b) and not exempt under

other law, a taxing unit may not tax such goods-in-transit in a tax year that begins on or after January 1, 2012, unless the governing body of the taxing unit takes action on or after October 1, 2011, in the manner required for official action by the governing body, to provide for the taxation of the goods-in-transit. The official action to tax the goods-in-transit must be taken before January 1 of the first tax year in which the governing body proposes to tax goods-in-transit. Before acting to tax the exempt property, the governing body of the taxing unit must conduct a public hearing as required by Section 1-n(d), Article VIII, Texas Constitution. If the governing body of a taxing unit provides for the taxation of the goods-in-transit as provided by this subsection, the exemption prescribed by Subsection (b) does not apply to that unit. The goods-in-transit remain subject to taxation by the taxing unit until the governing body of the taxing unit, in the manner required for official action, rescinds or repeals its previous action to tax goods-in-transit or otherwise determines that the exemption prescribed by Subsection (b) will apply to that taxing unit.

(j-2) Notwithstanding Subsection (j-1), if under Subsection (j) the governing body of a taxing unit, before October 1, 2011, took action to provide for the taxation of goods-in-transit and pledged the taxes imposed on the goods-in-transit for the payment of a debt of the taxing unit, the tax officials of the taxing unit may continue to impose the taxes against the goods-in-transit until the debt is discharged, if cessation of the imposition would impair the obligation of the contract by which the debt was created.

$$MS = SF \times FS$$

where:

"MS" is the minimum monthly salary;

"SF" is the applicable salary factor specified by Subsection (c); and

"FS" is the amount, as determined by the commissioner under Subsection (b), of the basic allotment as provided by Section 42.101(a) or (b) for a school district with a maintenance and operation tax rate at least equal to the state maximum compressed tax rate, as defined by Section 42.101(a) ~~[state and local funds per weighted student, including funds provided under Section 42.2516, available to a district eligible to receive state assistance under Section 42.302 with a maintenance and operations tax rate per \$100 of taxable value equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by \$1.50, except that the amount of state and local funds per weighted student does not include the amount attributable to the increase in the guaranteed level made by Chapter 1187, Acts of the 77th~~

(e-1) If the minimum monthly salary determined under Subsection (a) for a particular level of experience is less than the minimum monthly salary for that level of experience in the preceding year, the minimum monthly salary is the minimum monthly salary for the preceding year.

SECTION 71.05. Subsection (a), Section 41.002, Education Code, is amended to read as follows:

(a) A school district may not have a wealth per student that exceeds:

(1) the wealth per student that generates the amount of maintenance and operations tax revenue per weighted student available to a district with maintenance and operations tax revenue per cent of tax effort equal to the maximum amount provided per cent under Section 42.101(a) or (b) [~~42.101~~], for the district's maintenance and operations tax effort equal to or less than the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year;

(2) the wealth per student that generates the amount of maintenance and operations tax revenue per weighted student available to the Austin Independent School District, as determined by the commissioner in cooperation with the Legislative Budget Board, for the first six cents by which the district's maintenance and operations tax rate exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year, subject to Section 41.093(b-1);
or

(3) \$319,500, for the district's maintenance and operations tax effort that exceeds the first six cents by which the district's maintenance and operations tax effort exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year.

SECTION 71.06. The heading to Section 42.101, Education Code, is amended to read as follows:

$$A = \$4,765 \times (DCR/MCR)$$

where:

"A" is the resulting amount for [~~allotment to which~~] a district [~~is entitled~~];

"DCR" is the district's compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

"MCR" is the state maximum compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by \$1.50.

(b) A greater amount for any school year for the basic allotment under Subsection (a) may be provided by appropriation.

(c) A school district is entitled to a regular program allotment equal to the amount that results from the following formula:

$$RPA = ADA \times AA \times RPAF$$

where:

"RPA" is the regular program allotment to which the district is entitled;

"ADA" is the number of students in average daily attendance in a district, not including the time students spend each day in special education programs in an instructional arrangement other than mainstream or career and technology education programs, for which an additional allotment is made under Subchapter C;

"AA" is the district's adjusted basic allotment, as determined under Section 42.102 and, if applicable, as further adjusted under Section 42.103; and

SECTION 71.08. Section 42.105, Education Code, is amended to read as follows:

Sec. 42.105. SPARSITY ADJUSTMENT. Notwithstanding Sections 42.101, 42.102, and 42.103, a school district that has fewer than 130 students in average daily attendance shall be provided a regular program [~~an adjusted basic~~] allotment on the basis of 130 students in average daily attendance if it offers a kindergarten through grade 12 program and has preceding or current year's average daily attendance of at least 90 students or is 30 miles or more by bus route from the nearest high school district. A district offering a kindergarten through grade 8 program whose preceding or current year's average daily attendance was at least 50 students or which is 30 miles or more by bus route from the nearest high school district shall be provided a regular program [~~an adjusted basic~~] allotment on the basis of 75 students in average daily attendance. An average daily attendance of 60 students shall be the basis of providing the regular program [~~adjusted basic~~] allotment if a district offers a kindergarten through grade 6 program and has preceding or current year's average daily attendance of at least 40 students or is 30 miles or more by bus route from the nearest high school district.

SECTION 71.10. Subchapter E, Chapter 42, Education Code, is amended by adding Section 42.2514 to read as follows:

Sec. 42.2514. ADDITIONAL STATE AID FOR TAX INCREMENT FINANCING PAYMENTS. For each school year, a school district, including a school district that is otherwise ineligible for state aid under this chapter, is entitled to state aid in an amount equal to the amount the district is required to pay into the tax increment fund for a reinvestment zone under Section 311.013(n), Tax Code.

SECTION 71.11. Effective September 1, 2011, Section 42.2516, Education Code, is amended by amending Subsections (a), (b), (d), and (f-2) and adding Subsection (i) to read as follows:

(a) In this title [~~section~~], "state compression percentage" means the percentage [~~, as determined by the commissioner,~~] of a school district's adopted maintenance and operations tax rate for the 2005 tax year that serves as the basis for state funding [~~for tax rate reduction under this section~~]. If the state compression percentage is not established by appropriation for a school year, the [~~The~~] commissioner shall determine the state compression percentage for each school year based on the percentage by which a district is able to reduce the district's maintenance and operations tax rate for that year, as compared to the district's adopted maintenance and operations tax rate for the 2005 tax year, as a result of state funds appropriated for distribution under this section for that year from the property tax relief fund established under Section 403.109, Government Code, or from another funding source available for school district property tax relief.

(b) Notwithstanding any other provision of this title, a school district that imposes a maintenance and operations tax at a rate at least equal to the product of the state compression percentage multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year is entitled to at least the amount of state revenue necessary to provide the district with the sum of:

(1) the percentage specified by Subsection (i) of the amount, as calculated under Subsection (e), [~~the amount~~] of state

and local revenue per student in weighted average daily attendance for maintenance and operations that the district would have received during the 2009-2010 school year under Chapter 41 and this chapter, as those chapters existed on January 1, 2009, at a maintenance and operations tax rate equal to the product of the state compression percentage for that year multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year;

(2) the percentage specified by Subsection (i) of an amount equal to the product of \$120 multiplied by the number of students in weighted average daily attendance in the district; and

~~(3) [an amount equal to the amount the district is required to pay into the tax increment fund for a reinvestment zone under Section 311.013(n), Tax Code, in the current tax year; and~~

~~[(4)] any amount to which the district is entitled under Section 42.106.~~

(d) In determining the amount to which a district is entitled under Subsection (b)(1), the commissioner shall:

(1) include the percentage specified by Subsection (i) of any amounts received by the district during the 2008-2009 school year under Rider 86, page III-23, Chapter 1428 (H.B. 1), Acts of the 80th Legislature, Regular Session, 2007 (the General Appropriations Act); and

(2) for a school district that paid tuition under Section 25.039 during the 2008-2009 school year, reduce the amount to which the district is entitled by the amount of tuition paid during that school year.

(f-2) The rules adopted by the commissioner under Subsection (f-1) must:

(1) require the commissioner to determine, as if this section did not exist, the effect under Chapter 41 and this chapter of a school district's action described by Subsection (f-1)(1), (2), (3), or (4) on the total state revenue to which the district would be entitled or the cost to the district of purchasing sufficient attendance credits to reduce the district's wealth per student to the equalized wealth level; and

(2) require an increase or reduction in the amount of

state revenue to which a school district is entitled under Subsection (b)(1) [~~(b)~~] that is substantially equivalent to any change in total state revenue or the cost of purchasing attendance credits that would apply to the district if this section did not exist.

(i) The percentage to be applied for purposes of Subsections (b)(1) and (2) and Subsection (d)(1) is 100.00 percent for the 2011-2012 school year and 92.35 percent for the 2012-2013 school year. For the 2013-2014 school year and each subsequent school year, the legislature by appropriation shall establish the percentage reduction to be applied.

SECTION 71.12. Effective September 1, 2017, the heading to Section 42.2516, Education Code, is amended to read as follows:

Sec. 42.2516. STATE COMPRESSION PERCENTAGE [~~ADDITIONAL STATE AID FOR TAX REDUCTION~~].

SECTION 71.13. Effective September 1, 2017, Subsection (a), Section 42.2516, Education Code, is amended to read as follows:

(a) In this title [~~section~~], "state compression percentage" means the percentage [~~, as determined by the commissioner,~~] of a school district's adopted maintenance and operations tax rate for the 2005 tax year that serves as the basis for state funding [~~for tax rate reduction under this section~~]. If the state compression percentage is not established by appropriation for a school year, the [~~The~~] commissioner shall determine the state compression percentage for each school year based on the percentage by which a district is able to reduce the district's maintenance and operations tax rate for that year, as compared to the district's adopted maintenance and operations tax rate for the 2005 tax year, as a result of state funds appropriated for [~~distribution under this section for~~] that year from the property tax relief fund established under Section 403.109, Government Code, or from another funding source available for school district property tax relief.

SECTION 71.14. Effective September 1, 2011, Subsection (a), Section 42.25161, Education Code, is amended to read as follows:

(a) The commissioner shall provide South Texas Independent School District with the amount of state aid necessary to ensure that the district receives an amount of state and local revenue per

student in weighted average daily attendance that is at least the percentage specified by Section 42.2516(i) of \$120 greater than the amount the district would have received per student in weighted average daily attendance during the 2009-2010 school year under this chapter, as it existed on January 1, 2009, at a maintenance and operations tax rate equal to the product of the state compression percentage multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year, provided that the district imposes a maintenance and operations tax at that rate.

SECTION 71.15. Subchapter E, Chapter 42, Education Code, is amended by adding Section 42.2525 to read as follows:

Sec. 42.2525. ADJUSTMENTS FOR CERTAIN DEPARTMENT OF DEFENSE DISTRICTS. The commissioner is granted the authority to ensure that Department of Defense school districts do not receive more than an eight percent reduction should the federal government reduce appropriations to those schools.

SECTION 71.16. Effective September 1, 2011, Subsections (h) and (i), Section 42.253, Education Code, are amended to read as follows:

(h) If the amount appropriated for the Foundation School Program for the second year of a state fiscal biennium is less than the amount to which school districts are entitled for that year, the commissioner shall certify the amount of the difference to the Legislative Budget Board not later than January 1 of the second year of the state fiscal biennium. The Legislative Budget Board shall propose to the legislature that the certified amount be transferred to the foundation school fund from the economic stabilization fund and appropriated for the purpose of increases in allocations under this subsection. If the legislature fails during the regular session to enact the proposed transfer and appropriation and there are not funds available under Subsection (j), the commissioner shall adjust [reduce] the total amounts due to each school district under this chapter and the total amounts necessary for each school district to comply with the requirements of Chapter 41 [amount of state funds allocated to each district] by an amount determined by applying to each district, including a district receiving funds under Section 42.2516, the same percentage adjustment so that the

~~total amount of the adjustment to all districts [a method under which the application of the same number of cents of increase in tax rate in all districts applied to the taxable value of property of each district, as determined under Subchapter M, Chapter 403, Government Code,] results in an amount [a total levy] equal to the total adjustment necessary. A school district is not entitled to reimbursement in a subsequent fiscal year of the amount resulting from the adjustment authorized by this subsection [reduction. The following fiscal year, a district's entitlement under this section is increased by an amount equal to the reduction made under this subsection].~~

(i) Not later than March 1 each year, the commissioner shall determine the actual amount of state funds to which each school district is entitled under the allocation formulas in this chapter for the current school year, as adjusted in accordance with Subsection (h), if applicable, and shall compare that amount with the amount of the warrants issued to each district for that year. If the amount of the warrants differs from the amount to which a district is entitled because of variations in the district's tax rate, student enrollment, or taxable value of property, the commissioner shall adjust the district's entitlement for the next fiscal year accordingly.

SECTION 71.17. Effective September 1, 2017, Subsection (h), Section 42.253, Education Code, is amended to read as follows:

(h) If the amount appropriated for the Foundation School Program for the second year of a state fiscal biennium is less than the amount to which school districts are entitled for that year, the commissioner shall certify the amount of the difference to the Legislative Budget Board not later than January 1 of the second year of the state fiscal biennium. The Legislative Budget Board shall propose to the legislature that the certified amount be transferred to the foundation school fund from the economic stabilization fund and appropriated for the purpose of increases in allocations under this subsection. If the legislature fails during the regular session to enact the proposed transfer and appropriation and there are not funds available under Subsection (j), the commissioner shall adjust [reduce] the total amounts due to each school district

under this chapter and the total amounts necessary for each school district to comply with the requirements of Chapter 41 [amount of state funds allocated to each district] by an amount determined by applying to each district the same percentage adjustment so that the total amount of the adjustment to all districts [a method under which the application of the same number of cents of increase in tax rate in all districts applied to the taxable value of property of each district, as determined under Subchapter M, Chapter 403, Government Code,] results in an amount [a total levy] equal to the total adjustment necessary. A school district is not entitled to reimbursement in a subsequent fiscal year of the amount resulting from the adjustment authorized by this subsection [reduction. The following fiscal year, a district's entitlement under this section is increased by an amount equal to the reduction made under this subsection].

SECTION 71.18. Section 42.258, Education Code, is amended by amending Subsection (a) and adding Subsection (a-1) to read as follows:

(a) If a school district has received an overallocation of state funds, the agency shall, by withholding from subsequent allocations of state funds for the current or subsequent school year or by requesting and obtaining a refund, recover from the district an amount equal to the overallocation.

(a-1) Notwithstanding Subsection (a), the agency may recover an overallocation of state funds over a period not to exceed the subsequent five school years if the commissioner determines that the overallocation was the result of exceptional circumstances reasonably caused by statutory changes to Chapter 41 or 46 or this chapter and related reporting requirements.

SECTION 71.19. Subsection (b), Section 42.260, Education Code, is amended to read as follows:

(b) For each year, the commissioner shall certify to each school district or participating charter school the amount of[+]

~~[-1]~~ additional funds to which the district or school is entitled due to the increase made by H.B. No. 3343, Acts of the 77th Legislature, Regular Session, 2001, to:

(1) [-A] the equalized wealth level under Section

41.002; or

(2) [~~(B)~~] the guaranteed level of state and local funds per weighted student per cent of tax effort under Section 42.302 [~~, or~~

~~[(2) additional state aid to which the district or school is entitled under Section 42.2513].~~

SECTION 71.20. Section 44.004, Education Code, is amended by adding Subsection (g-1) to read as follows:

(g-1) If the rate calculated under Subsection (c)(5)(A)(ii)(b) decreases after the publication of the notice required by this section, the president is not required to publish another notice or call another meeting to discuss and adopt the budget and the proposed lower tax rate.

SECTION 71.21. Subsection (a), Section 26.05, Tax Code, is amended to read as follows:

(a) The governing body of each taxing unit, before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the taxing unit, shall adopt a tax rate for the current tax year and shall notify the assessor for the unit of the rate adopted. The tax rate consists of two components, each of which must be approved separately. The components are:

(1) for a taxing unit other than a school district, the rate that, if applied to the total taxable value, will impose the total amount published under Section 26.04(e)(3)(C), less any amount of additional sales and use tax revenue that will be used to pay debt service, or, for a school district, the rate calculated [~~published~~] under Section 44.004(c)(5)(A)(ii)(b), Education Code; and

(2) the rate that, if applied to the total taxable value, will impose the amount of taxes needed to fund maintenance and operation expenditures of the unit for the next year.

SECTION 71.22. Effective September 1, 2017, Subsection (i), Section 26.08, Tax Code, is amended to read as follows:

(i) For purposes of this section, the effective maintenance and operations tax rate of a school district is the tax rate that, applied to the current total value for the district, would impose taxes in an amount that, when added to state funds that would be

distributed to the district under Chapter 42, Education Code, for the school year beginning in the current tax year using that tax rate, [~~including state funds that will be distributed to the district in that school year under Section 42.2516, Education Code,~~] would provide the same amount of state funds distributed under Chapter 42, Education Code, [~~including state funds distributed under Section 42.2516, Education Code,~~] and maintenance and operations taxes of the district per student in weighted average daily attendance for that school year that would have been available to the district in the preceding year if the funding elements for Chapters 41 and 42, Education Code, for the current year had been in effect for the preceding year.

SECTION 71.23. Subsection (n), Section 311.013, Tax Code, is amended to read as follows:

(n) This subsection applies only to a school district whose taxable value computed under Section 403.302(d), Government Code, is reduced in accordance with Subdivision (4) of that subsection. In addition to the amount otherwise required to be paid into the tax increment fund, the district shall pay into the fund an amount equal to the amount by which the amount of taxes the district would have been required to pay into the fund in the current year if the district levied taxes at the rate the district levied in 2005 exceeds the amount the district is otherwise required to pay into the fund in the year of the reduction. This additional amount may not exceed the amount the school district receives in state aid for the current tax year under Section 42.2514, Education Code. The school district shall pay the additional amount after the district receives the state aid to which the district is entitled for the current tax year under Section 42.2514, Education Code.

SECTION 71.24. Effective September 1, 2011, the following provisions of the Education Code are repealed:

- (1) Subsections (c-2), (c-3), and (e), Section 21.402;
- (2) Section 42.008; and

(c) The committee is dissolved September 1, 2013.

SECTION 71.27. It is the intent of the legislature, between fiscal year 2014 and fiscal year 2018, to continue to reduce the amount of Additional State Aid For Tax Reduction (ASATR) to which a school district is entitled under Section 42.2516, Education Code, and to increase the basic allotment to which a school district is entitled under Section 42.101, Education Code.

SECTION 71.28. Except as otherwise provided by this Act, the changes in law made by this Act to Chapter 42, Education Code, apply beginning with the 2011-2012 school year.
