

Amend **HB 189** on third reading as follows:

(1) On page 2, line 17, between "by" and "adding" insert "amending Subsection (i) and".

(2) On page 2, between lines 17 and 18, insert:

(i) If a person convicted of an offense under Sections 49.04-49.08, Penal Code, is placed on community supervision, the court may require as a condition of community supervision that the defendant have a device installed, on the motor vehicle owned by the defendant or on the vehicle most regularly driven by the defendant, that uses a deep-lung breath analysis mechanism to make impractical the operation of the motor vehicle if ethyl alcohol is detected in the breath of the operator and that the defendant not operate any motor vehicle that is not equipped with that device. The deep-lung breath analysis mechanism described by this subsection must have technology to provide continuous monitoring of the operator of the motor vehicle to prevent fraudulent manipulation or circumvention of the device that would allow operation of the motor vehicle by a person who has recently consumed ethyl alcohol. If it is shown on the trial of the offense that an analysis of a specimen of the person's blood, breath, or urine showed an alcohol concentration level of 0.15 or more at the time the analysis was performed, or if the person is convicted of an offense under Sections 49.04-49.06, Penal Code, and punished under Section 49.09(a) or (b), Penal Code, or of a second or subsequent offense under Section 49.07 or 49.08, Penal Code, and the person after conviction of either offense is placed on community supervision, the court shall require as a condition of community supervision that the defendant have the device installed on the appropriate vehicle and that the defendant not operate any motor vehicle unless the vehicle is equipped with that device. Before placing on community supervision a person convicted of an offense under Sections 49.04-49.08, Penal Code, the court shall determine from criminal history record information maintained by the Department of Public Safety whether the person has one or more previous convictions under Sections 49.04-49.08, Penal Code, or has one previous conviction under Sections 49.04-49.07, Penal Code, or one previous conviction under Section 49.08, Penal Code. If it is shown on the trial of the offense that

an analysis of a specimen of the person's blood, breath, or urine showed an alcohol concentration level of 0.15 or more at the time the analysis was performed, or if the court determines that the person has one or more such previous convictions, the court shall require as a condition of community supervision that the defendant have that device installed on the motor vehicle owned by the defendant or on the vehicle most regularly driven by the defendant and that the defendant not operate any motor vehicle unless the vehicle is equipped with the device described in this subsection. The court shall require the defendant to obtain the device at the defendant's own cost before the 30th day after the date of conviction unless the court finds that to do so would not be in the best interest of justice and enters its findings on record. The court shall require the defendant to provide evidence to the court within the 30-day period that the device has been installed on the appropriate vehicle and order the device to remain installed on that vehicle for a period not less than 50 percent of the supervision period. If the court determines the offender is unable to pay for the device, the court may impose a reasonable payment schedule not to exceed twice the period of the court's order. The Department of Public Safety shall approve devices for use under this subsection. Section 521.247, Transportation Code, applies to the approval of a device under this subsection and the consequences of that approval. Notwithstanding the provisions of this section, if a person is required to operate a motor vehicle in the course and scope of the person's employment and if the vehicle is owned by the employer, the person may operate that vehicle without installation of an approved ignition interlock device if the employer has been notified of that driving privilege restriction and if proof of that notification is with the vehicle. This employment exemption does not apply, however, if the business entity that owns the vehicle is owned or controlled by the person whose driving privilege has been restricted. A previous conviction may not be used for purposes of restricting a person to the operation of a motor vehicle equipped with an interlock ignition device under this subsection if:

- (1) the previous conviction was a final conviction

under Section 49.04, 49.045, 49.05, 49.06, 49.07, or 49.08, Penal Code, and was for an offense committed more than 10 years before the instant offense for which the person was convicted and placed on community supervision; and

(2) the person has not been convicted of an offense under Section 49.04, 49.045, 49.05, 49.06, 49.07, or 49.08 of that code, committed within 10 years before the date on which the instant offense for which the person was convicted and placed on community supervision.
