### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

According to the executive commissioner of the Health and Human Services Commission (HHSC), diabetes is the number one reason Medicaid patients access health care providers. The overall annual cost of diabetes in Texas is estimated to be \$12.5 billion, and the number of Texans with diabetes is expected to quadruple by 2040.

In order to get this preventable chronic disease under control, the legislature must understand the extent of the problem, what is currently being done to address it, and how much it is costing the health care system.

S.B. 796 amends current law relating to reporting on an assessing programs for the prevention and treatment of diabetes in the state.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

### **SECTION BY SECTION ANALYSIS**

SECTION 1. Amends Subtitle D, Title 2, Health and Safety Code, by adding Chapter 95A, as follows:

#### CHAPTER 95A. REPORTS ON PREVENTION AND TREATMENT OF DIABETES

Sec. 95A.001. DEFINITIONS. Defines, in this chapter, "commission" and "council."

Sec. 95A.002. BIENNIAL REPORT ON COMMISSION'S PRIORITIES FOR ADDRESSING DIABETES. (a) Requires the Health and Human Services Commission (HHSC), in coordination with the Texas Diabetes Council (council) to prepare a biennial report that identifies HHSC's priorities for addressing diabetes within the Medicaid population.

(b) Requires HHSC, not later than December 1 of each even-numbered year, to submit the report to the legislature and the governor.

Sec. 95A.003. REPORT ON COSTS OF PREVENTING AND TREATING DIABETES. (a) Requires HHSC and the council, not later than December 1, 2012, to prepare and post on HHSC's Internet website a report for elected officials and other policy makers that contains an estimate of the annual direct and indirect costs to both the public and private sectors of preventing diabetes and treating individuals with diabetes in this state.

(b) Provides that this section expires September 1, 2013.

SECTION 2. Amends Chapter 103, Health and Safety Code, by adding Section 103.0131, as follows:

Sec. 103.0131. ASSESSMENT OF PROGRAMS TO PREVENT AND TREAT DIABETES. (a) Requires the council, in conjunction with developing each state plan described by Section 103.013 (State Plan), to conduct a statewide assessment of existing programs for the prevention of diabetes and treatment of individuals with diabetes that are administered by the HHSC or a health and human services agency, as defined by Section 531.001 (Definitions), Government Code. Requires the council, as part of the assessment, to collect data regarding the number of individuals served by the programs, the areas where services to prevent diabetes and treat individuals with diabetes are unavailable, and the number of health care providers treating individuals with diabetes under the programs.

(b) Requires the council, not later than November 1 of each odd-numbered year, to submit to the governor, the lieutenant governor, and the legislature a written report containing the findings of the assessment conducted under Subsection (a).

SECTION 3. (a) Requires HHSC, not later than December 1, 2012, to submit the initial report required by Section 95A.002, Health and Safety Code, as added by this Act.

(b) Requires the council, not later than November 1, 2013, to conduct and submit a report on the initial assessment required by Section 103.0131, Health and Safety Code, as added by this Act.

SECTION 4. Effective date: September 1, 2011.
