AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, there is underdeveloped land located within the extraterritorial jurisdiction of the City of Houston in Harris County. A management district over this property is proposed to be created to administer and provide public infrastructure as well as economic development projects and services in the district.

S.B. 1882 creates Harris County Management District No. 22 (district) as a political subdivision of the State of Texas to accomplish the public infrastructure and economic development purposes of the district. The district will be a municipal management district similar to those operating pursuant to Chapter 375 (Municipal Management Districts in General), Local Government Code, and Title 4 (Development and Improvement), Special Districts Local Law Code.

A special district is needed to finance and construct the utility infrastructure necessary to promote the development of the area within the district and to provide services to property in the district. Currently, there is no law, as special districts are created for specific areas. Furthermore, there is no law creating this district.

S.B. 1882 amends current law relating to the creation of Harris County Improvement District No. 22 and provides authority to levy an assessment, impose a tax, and issue bonds.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
