### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

S.J.R. 4 is a product of the Sunset Advisory Commission's recommendations on the Texas Water Development Board's (TWDB) ability to issue debt. S.J.R. 4 authorizes TWDB to issue development fund self-supporting general obligation fund bonds, at its discretion and on a continuing basis, in amounts such that the aggregate principal amount outstanding at any time does not exceed \$6 billion.

This bond program, essentially a revolving bond fund, would afford TWDB and its service base (political subdivisions) greater flexibility in targeting needs across a longer time horizon.

These bonds would not count toward the constitutional debt limit until the legislature appropriates the debt service. The Texas Bond Review would continue to calculate the constitutional debt limit using authorized but uninsured development fund bonds.

TWDB functions primarily as a financing entity, banking water infrastructure projects for a variety of political subdivisions. TWDB's current bonding capacity is not sufficient to meet the needs of local governments that are upgrading infrastructure to meet growing demand associated with a larger consumer base.

TWDB has an excellent record of managing large bond portfolios without any defaults. TWDB has no defaults in the history of its Water/Wastewater Loan Program or State Revolving Fund programs. TWDB bonds consistently receive AAA ratings and has outperformed the state's bond ratings.

S.J.R. 4 proposes a constitutional amendment providing for the issuance of additional general obligation bonds by the Texas Water Development Board.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
