

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 82ND LEGISLATIVE REGULAR SESSION

March 21, 2011

TO: Honorable Allan Ritter, Chair, House Committee on Natural Resources

FROM: John S O'Brien, Director, Legislative Budget Board

IN RE: HB192 by Walle (Relating to the rates charged by water and sewer utilities.), **As Introduced**

No significant fiscal implication to the State is anticipated.

The bill would allow a utility to file an application with the Texas Commission on Environmental Quality (TCEQ) to increase water and/or sewer rates no more than once in a 36 month period. The rate increase requested would be capped at 20 percent of the utility's current rates.

The TCEQ reports that most utilities file rate/tariff change applications every three years or less often. Therefore, the agency does not expect that its workload would increase or decrease significantly as a result of the bill's passage.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.

Local governments owning their own utilities are not required to file applications for rate increases with the TCEQ. Therefore, passage of the bill is not expected to affect local governments.
