**Fiscal Analysis**

The bill would implement the recommendation in the report, "Reduce the Unclaimed Property Dormancy Period for Certain Property Types" in the Legislative Budget Board's Government Effectiveness and Efficiency Report, submitted to the Eighty-second Texas Legislature, 2011.

The bill would decrease the unclaimed property dormancy period for utility deposits from three years to one year; money orders from seven years to three years; and bank deposits, savings accounts, and matured certificates of deposits from five years to three years. The bill would take effect September 1, 2011.

**Methodology**

The Comptroller based its estimated gain on data gathered from its files for the three property types outlined in the bill. The agency's estimate reflects a one-time gain of \$78 million in fiscal 2013.

## **Local Government Impact**

No fiscal implication to units of local government is anticipated.
