

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 82ND LEGISLATIVE REGULAR SESSION

May 10, 2011

TO: Honorable Robert Duncan, Chair, Senate Committee on State Affairs

FROM: John S O'Brien, Director, Legislative Budget Board

IN RE: HB3337 by Gonzales, Veronica (Relating to the emergency medical services that give rise to an emergency medical services lien.), **As Engrossed**

No fiscal implication to the State is anticipated.

The bill would amend the Property Code to authorize emergency medical service (EMS) providers in a county with a population of 800,000 or less to obtain a lien against an individual who receives emergency medical services for injuries caused by an accident by the negligence of another person. Under current statute, the bill only applies to an EMS provider in a county with a population of 575,000 or less.

Local Government Impact

There could be a positive fiscal impact for local emergency medical service providers, but the amounts would vary depending on the number of liens filed and what payment amounts are recovered for emergency services that were provided. In addition, the amounts recovered from a lien may also be offset by the costs incurred to provide the emergency services.
