

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 82ND LEGISLATIVE REGULAR SESSION

May 13, 2011

TO: Honorable Byron Cook, Chair, House Committee on State Affairs

FROM: John S O'Brien, Director, Legislative Budget Board

IN RE: SB669 by Wentworth (Relating to requests to inspect or be provided with copies of information under the public information law.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would amend Government Code related to the Public Information Act by expanding the definition of manipulation to include a search of one or more e-mail or text message accounts and the transfer of related information to a paper, or other, format that can be inspected by the requestor. The bill would authorize a governmental body to respond to a public information request with a notice to the requestor that the requested information is available on the governmental entities website, and sets a required process for such a notice.

The bill amends requirements for when a requestor is required to pay the costs of a governmental entities response to a public information request. The bill would clarify that a request modification submitted in response to a deposit or bond be considered a separate request.

This analysis assumes that any costs resulting from implementation of the bill's provisions can be met within existing resources.

The bill would apply only to a request received by a governmental body on or after the effective date. The bill would take effect September 1, 2011.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
