

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 82ND LEGISLATIVE REGULAR SESSION

March 25, 2011

TO: Honorable John Whitmire, Chair, Senate Committee on Criminal Justice

FROM: John S O'Brien, Director, Legislative Budget Board

IN RE: SB1416 by Hinojosa (Relating to the creation of the offense of possession, manufacture, transportation, repair, or sale of a tire deflation device; providing criminal penalties.), **As Introduced**

No significant fiscal implication to the State is anticipated.

The bill would amend the Penal Code to create the offense of possession, manufacture, transportation, repair, or sale of a tire deflation device. Under the provisions of the bill, intentionally or knowingly possessing, manufacturing, transporting, repairing or selling a tire deflation device would be punishable as a third degree felony.

The bill would take effect on September 1, 2011 and apply to offenses committed on or after that date.

Expanding the list of behaviors for which a penalty is applied for any criminal offense is expected to result in increased demands upon the correctional resources of counties or of the State due to longer terms of probation, or, longer terms of confinement in county jails or prison. However, in the case of this bill, it is assumed that the number of offenders convicted under this statute would not result in a significant impact on the programs and workload of state corrections agencies or on the demand for resources and services of those agencies.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
