

Amend Floor Amendment No. 7 to **CSHB 1025**, as amended, by adding the following at the end of the language regarding Summer Programs for Students at Risk:

In allocating money for grants under the summer programs for students at risk, the Texas Education Agency must allocate money equally to provide 10 grants such that public schools, considered in categories described by student enrollment, compete for grants such that schools in the top 20 percent category by enrollment compete for two available grants, schools in the second 20 percent category by enrollment compete for two available grants, schools in the third 20 percent category by enrollment compete for two available grants, schools in the fourth 20 percent category by enrollment compete for two available grants, and schools in the bottom 20 percent category by enrollment compete for two available grants.
