

Amend Floor Amendment No. 1 by Seliger to CSSB 791 as follows:

(1) Strike SECTION 6 of the amendment.

(2) In SECTION 9 of the amendment, in added Section 401.218(d), Health and Safety Code (page 5, between lines 14 and 22) strike and replace with:

(d) The commission's executive director may adjust, correct, or otherwise modify license condition 150 on completion of an annual performance assessment. A modification by the executive director to a license regarding a waste form, type, or stream must be based on a site-specific performance assessment and objectives as defined by commission rule and must be processed as a minor amendment.

(3) Add Section 401.208, new subsection (f) to read:

(f) The commission, through the agency's internal audit, shall conduct random audits of shipments to the site to ensure that volumes, waste contents, and classifications are represented accurately. The commission shall report these findings to the legislature in the biennial report.
