

Amend CSSB 1655 (Senate committee printing) by amending
Subsection (b) to read as follows:

(b) The commission shall, after providing a 20 percent utility discount to low-income retail customers, direct the comptroller to disburse as much as practicable of the balance described by Subsection (a) as soon as practicable and before September 1, 2014, in one or more installments to transmission and distribution utilities, retail electric providers, municipally owned utilities, or electric cooperatives under the system established under Subsection (a) so that the entities receive disbursements in proportion to the fees paid by retail electric customers in the service areas of the entities since the system benefit fund fee was first imposed under Section 39.903.
