AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Texas Board of Professional Geoscientists (TBPG) is responsible for licensing geologists, geophysicists, soil scientists, and geoscience firms; ensuring compliance with the Texas Geoscience Practice Act; and conducting outreach activities. Included in its duties, the TBPG receives, investigates, and determines disciplinary action for complaints brought against licensed geoscientists. Current statute complicates the complaint process with unnecessary obstacles and needs to be streamlined. Additionally, statute does not address the responsibility of other state employees to engage in the TBPG's complaint process.

S.B. 138 is a product of recommendations provided in a Legislative Budget Board government efficiency and effectiveness report.

S.B. 138 amends current law relating to procedures for filing complaints with, and providing notice of certain violations to, the Texas Board of Professional Geoscientists.
