### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The Texas Legislative Medal of Honor is the highest award given for the performance of duty during a time of war by the State of Texas. As it stands, Section 431.131 (Texas Legislative Medal of Honor) of the Government Code allows for the award to be given out only once per regular session of the Texas Legislature. Due to this restriction, many brave Texas fighters who have proven their merit on the field of battle must wait at length for recognition.

S.B. 238 amends Section 431.131(d) to provide for the awarding of the Texas Legislative Medal of Honor a maximum of twice per regular session; once to an individual whose service occurred between 1835 and 1955, and once to an individual whose service occurred after 1955. This provision would allow for more of Texas' meritorious warriors who participated in WWII and Korea to receive recognition, while not excluding those who fought and served bravely after 1955.

As proposed, S.B. 238 amends current law relating to the awarding of the Texas Legislative Medal of Honor.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
