AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Pursuant to H.B. 2643 of the 82nd Legislature, Regular Session, 2011, the Texas Department of Licensing and Regulation (TDLR) credits verified air conditioning and refrigeration military experience toward the licensing requirements under Section 1302.255 (Eligibility Requirements), Occupations Code. Since the implementation of this statutory change, at least five applicants have claimed the military service credit.

In recognition of the benefits that a similar program could provide to veterans who seek to utilize their military experience in other areas in a civilian career, S.B. 242 will expand the practice of crediting military service to all the occupational licenses that are overseen by TDLR.

S.B. 242 creates a new section under Chapter 51 of the Occupations Code, to require TDLR to credit verified military service, training, or education towards TDLR's licensing requirements. TDLR examination requirements are excluded from this provision. In addition, S.B. 242 instructs the Texas Commission on Licensing and Regulation to adopt rules necessary to implement this change.

S.B. 242 amends current law relating to the eligibility requirements for certain occupational licenses issued to applicants with military experience.
