AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Children's Advocacy Centers of Texas (CACTX) is the state membership organization for the 66 children's advocacy centers (center) across the state. Over the past two years, CACTX has worked with stakeholders to update and elevate the statewide standards that govern the type of services provided by each local center.

This bill is a product of that work and reflects a best practices standard for all centers. Each standard is evidence-based and directly tied to state funding. While centers are already implementing these practices, the new standards are not currently codified.

S.B. 245 amends current law relating to eligibility of children's advocacy centers for contracts to provide services for children and family members in child abuse and neglect cases.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
