AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Two emergency services districts are located wholly in El Paso County. For each district, under current law in Section 775.034 (Appointment of Board in District Located Wholly in One County), Health and Safety Code, the El Paso County Commissioners Court appoints a five-member board of emergency services commissioners to serve as the county's emergency service district's governing body.

Additionally, under current law in Section 775.0422 (Removal of Appointed Board Member by Commissioners Court), Health and Safety Code, the El Paso County Commissioners Court can remove one or more board members for failing to give a statutorily required report to the commissioners court. Due to weaknesses identified in current operations, it is essential to provide the county oversight similar to its guidance of other health and safety providers in the county. S.B. 332 seeks to increase transparency and accountability of the emergency service districts in El Paso County.

S.B. 332 amends current law relating to commissioners court oversight of certain emergency services districts.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
