AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, child-care facilities and child-placing agencies are required to conduct background checks on people who may visit the facility or foster home. The Department of Family and Protective Services (DFPS) conducts background checks on biological parents as part of its investigation. Thus, a duplication in checks occurs when birth parents visit their children at the facility or foster home.

S.B. 428 removes the requirement for foster homes to conduct a background check on those who visit the facility if a current check is on file with DFPS and that check occurred within the last two years.

S.B. 428 amends current law relating to background and criminal history checks for parents and other relatives of children in residential child-care facilities.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

SECTION 2. Effective date: September 1, 2013.
