AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Attorneys, doctors, nurses, and most licensed professionals in Texas are governed by licensing boards constituted by at least a majority of individuals who are themselves a member of the profession the board regulates. Physician assistants (PA) are currently governed by the Texas Physician Assistant Board (PAB) which consists of nine total members—three practicing PAs, three physicians, and three public members.

S.B. 889 brings PAs on parity with other licensed professionals in Texas by increasing the number of PAs on PAB to seven, thus making PAs the majority of the board regulating their profession.

S.B. 889 amends current law relating to the physician assistant board.
