AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Collection Improvement Program was established to assist cities and counties with collecting court costs, fees, and fines assessed against persons convicted of criminal offenses when defendants are unable to pay these costs at the time of assessment or when payment is requested. During the Regular Session of the 82nd Legislature, the audit function for this program was moved from the comptroller of public accounts of the State of Texas to the Office of Court Administration. During the subsequent special session, a provision was added to Section 133.058 (Portion of Fee Retained), Local Government Code, that provided municipalities with a 180-day timeframe from the time they fall out of compliance with the program's guidelines before the ability to retain a service fee on court costs is lost. Unfortunately, the same grace period was not extended to counties.

S.B. 967 seeks to address this issue by giving counties parity with cities in relation to the collections improvement program. It adds a provision to the Local Government Code that provides counties with a grace period of 180 days as is currently granted to cities before penalties are applied for non-compliance with the program's guidelines.

S.B. 967 amends current law relating to the authority of a municipality or county to retain certain fees.
