C.S.S.B. 1079

Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, 29 states license the services of Radiologist Assistants to provide support and contribute to the delivery of healthcare imaging services. Radiologist Assistants are often trained in Texas but must relocate to other states to practice because of the lack of a licensing process in this state.

C.S.S.B. 1079 creates a registration and regulation process for an advanced-level medical radiologist technologist who is certified as an Radiologist Assistant and establishes requirements to maintain that license. The Texas Medical Board will promulgate rules defining the appropriate scope of practice and supervision requirements for a Registered Radiologist Assistant and the eligibility and educational qualifications necessary to practice. The regulations outlined in the bill are consistent with national guidelines.

C.S.S.B. 1079 amends current law relating to the regulation of medical radiologic technology, provides penalties, and imposes fees.

RULEMAKING AUTHORITY

Rulemaking authority previously granted to the Texas Board of Health is transferred to the executive commissioner of the Health and Human Services Commission and is modified in SECTION 2 (Section 601.056, Occupations Code) of this bill.

Rulemaking authority is expressly granted to the Texas Medical Board (TMB) in SECTION 3 (Sections 207.103, 207.156, 207.201, 207.203, and 207.301, Occupations Code) and SECTION 4 of this bill.

Rulemaking authority expressly granted to TMB is restricted in SECTION 3 (Section 207.257, Occupations Code) of this bill.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Section 601.002, Occupations Code, by amending Subdivision (3) to redefine "department," and adding Subdivisions (5-a), (10-a), and (11-a) to define "executive commissioner," "radiologist," and "registered radiologist assistant."

SECTION 2. Amends Sections 601.056(a) and (b), Occupations Code, as follows:

(a) Requires the executive commissioner of the Health and Human Services Commission (executive commissioner) (HHSC), rather than the Texas Board of Health (board), with the assistance of other appropriate state agencies to identify by rule radiologic procedures, other than radiologic procedures described by Subsection (c) (relating to providing that Subsection (a) does not apply to a certain radiologic procedure), that are dangerous or hazardous and that are authorized to be performed only by a practitioner, a medical radiologic technologist certified under this chapter, or a registered radiologist assistant. Makes nonsubstantive changes.

(b) Authorizes the executive commissioner, rather than the board, in adopting rules under Subsection (a), to consider whether the radiologic procedure will be performed by a

registered nurse, a licensed physician assistant, or a registered radiologist assistant. Makes nonsubstantive changes.

SECTION 3. Amends Subtitle C, Title 3, Occupations Code, by adding Chapter 207, as follows:
