### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The Property Code specifies that a payment must be sent by regular first class mail and bear the post office cancellation mark (postmark) to determine timeliness of payment. Many property owners utilize nationwide carriers to insure delivery but tax collectors are not permitted to utilize the shipping date for the purpose of determining timeliness of payment. This often results in costly penalties and interest creating an unnecessary burden on property owners whose intent is clear—to timely remit payment of property taxes.

An informal survey of county tax offices revealed that acceptance of ship date is common. This legislation will bring a common practice into conformity with law and will have the additional effect of providing uniformity in the tax collection process benefiting property owners across Texas.

As proposed, S.B. 1224 amends current law relating to the use by a property owner of a common or contract carrier to send a payment, report, application, statement, or other document or paper to a taxing unit or taxing official.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
