AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Recreational vehicle parks play a vital role in the tourism industry, attracting many visitors to the state. Over the years, the legislature has enacted multiple policies to help these businesses operate more efficiently.

S.B. 1268 makes small changes to various statutes to update and clarify different aspects of the recreational vehicle and recreational vehicle park industry. The bill amends current law to simplify the definition of a recreational vehicle park. Additionally, the bill provides safeguards for park owners regarding customer electricity usage, and ensures that unrelated fees are not part of the billing process for water utility service.

As proposed, S.B. 1268 amends current law relating to recreational vehicles and recreational vehicle parks.
