AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Nueces County Hospital District (district) participates in certain federally approved statewide Medicaid programs sponsored by the Health and Human Services Commission, including the Medicaid Texas Health Care Transformation and Quality Improvement Program 1115 Waiver issued under Section 1115, Social Security Act (42 U.S.C. 1315) in December, 2011 (waiver). The waiver is predicated on the availability of intergovernmental transfers to the state for use as the nonfederal share of waiver payments.

Current state law applicable only to the district outlines how the district's funds may be used but does not specifically mention or limit the district's use of its funds to provide for intergovernmental transfers in support of the waiver or other similar Texas Medicaid programs. The district's statutory authority needs to be clear and unambiguous regarding the use of the district's funds to make intergovernmental transfers under the waiver and for other similar Texas Medicaid programs. This clarification and confirmation will facilitate the district's ability to carry out its functions under the waiver.

S.B. 1863 amends current law relating to use of district funds by the Nueces County Hospital District.
